"If you don't know who you are then people aren't going to know who you are either."

(Nancy Glenn)

(Rich Zies) "On Monday, I feel tired and not in the best of moods, but on Friday I feel ready for the weekend."
(Nancy Burke)

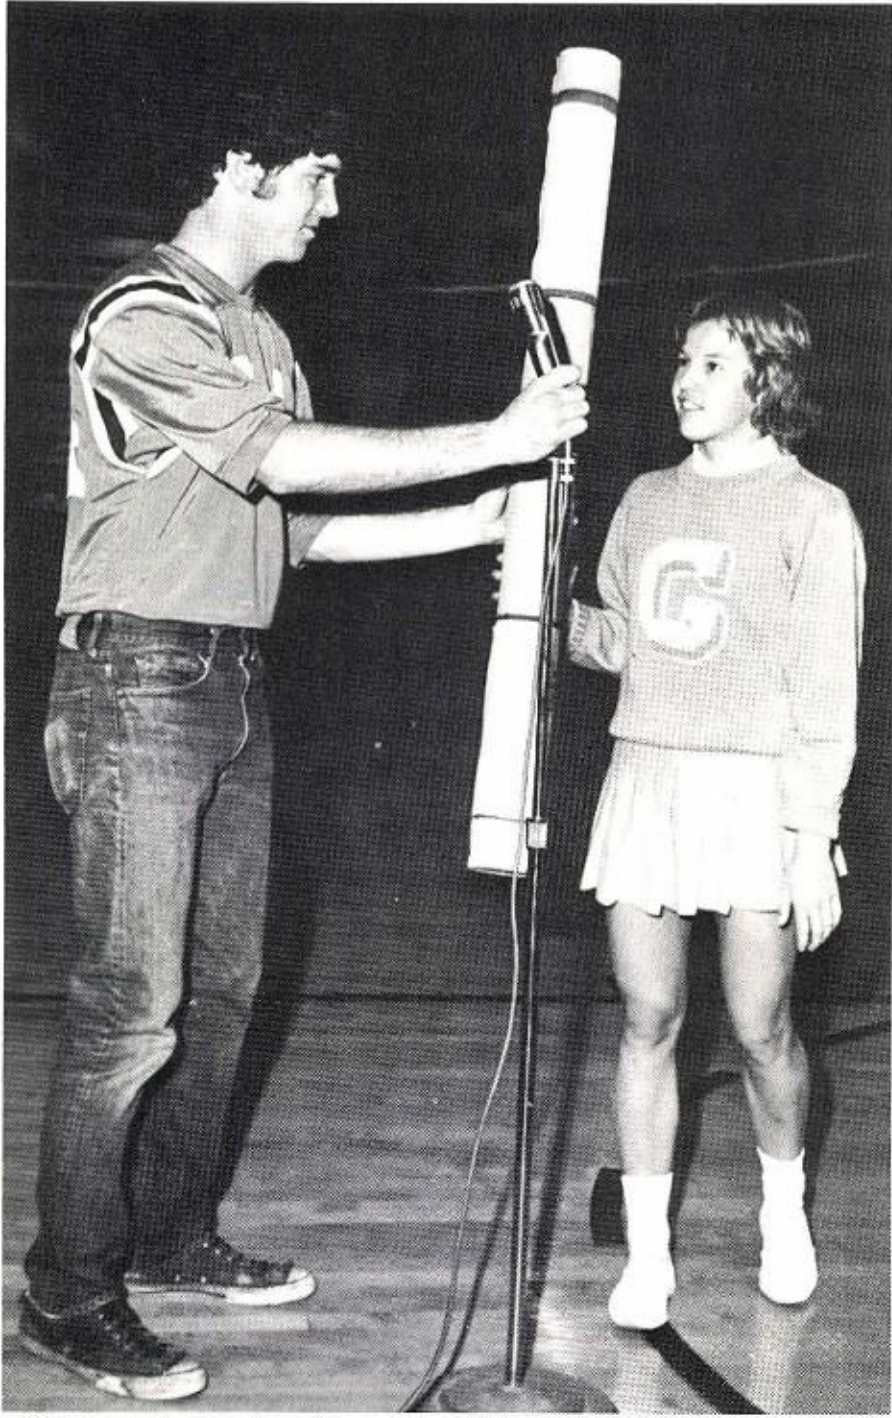

"I was tired after the game but also felt relaxed. I knew we had lost to West, but I felt like we won. Defeat puts you down, but the way we played made me feel like we had won."
(John Robbins)

"Seniors, you blew it! The 'spirit award' goes to the sophomores." (Craig Foster) "I think school spirit has decreased. Each year it goes down." (Faith Hugdahl) "The class of '73 shall reign supreme. We won't take any static from anybody." (Rick Barz and Rick Hughes) "Our class spirit stinks! But the football players try to promote it." (Brian Seago) "The freshman have a lot of school spirit. We had between 15 and 20 kids working on the float each night." (Paula Gmeiner) "I think our class spirit is pretty good, but we haven't got started yet." (Debbie Kjell)

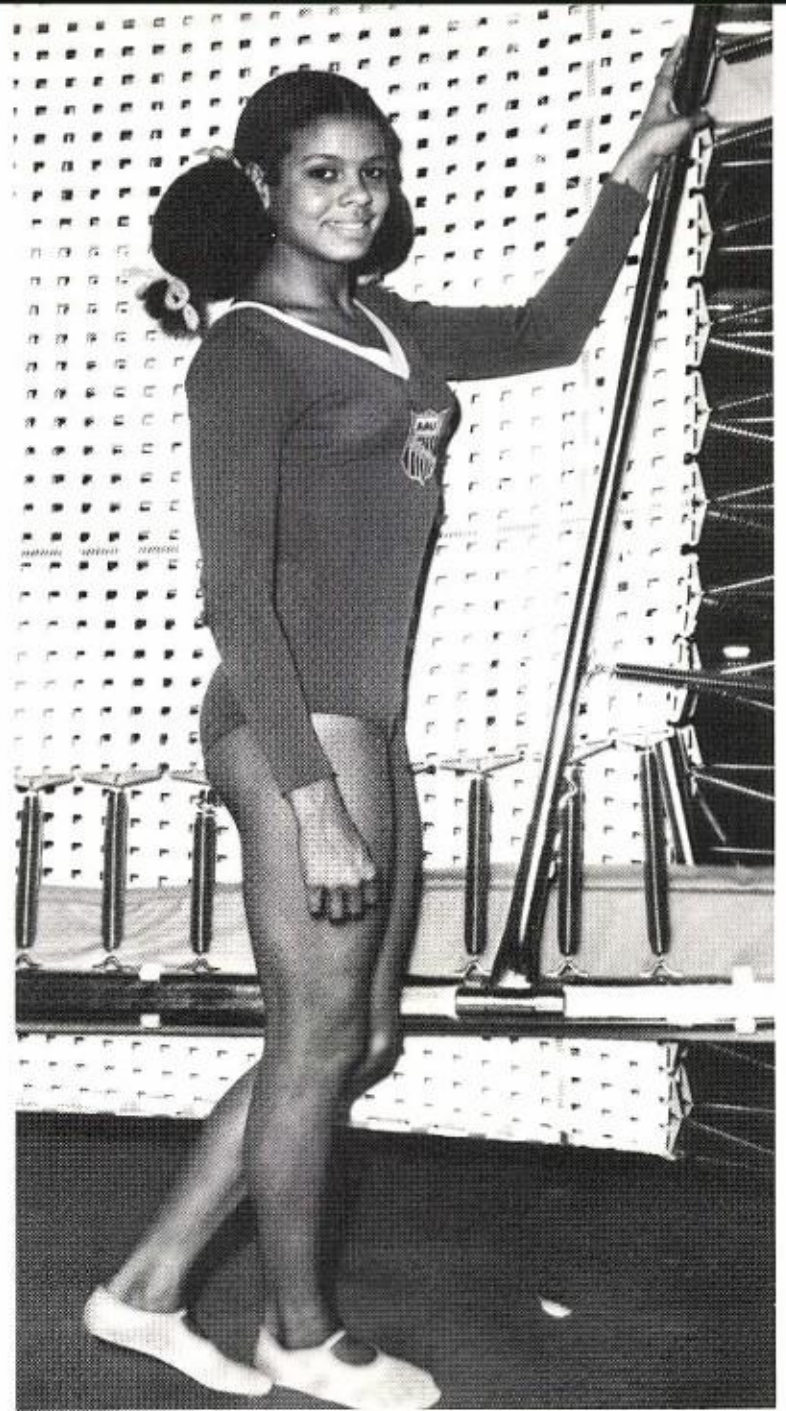

"Until man experiences, he has no knowledge." (Bob Ax) "It's fun to pretend, isn't it?" (Craig Sahlstrom)

"I spend my free hours in the boys' john' doing chin ups." (Steve Schmaling)

"I wouldn't eat lunch in there for anything. I have lunch at 9:30 in the morning and the food is not too good. It doesn't appeal to me." (Sandi Ralston)

"This feels more like I'm sitting in a zero hour than an English class." (Sallie Sillbaugh)

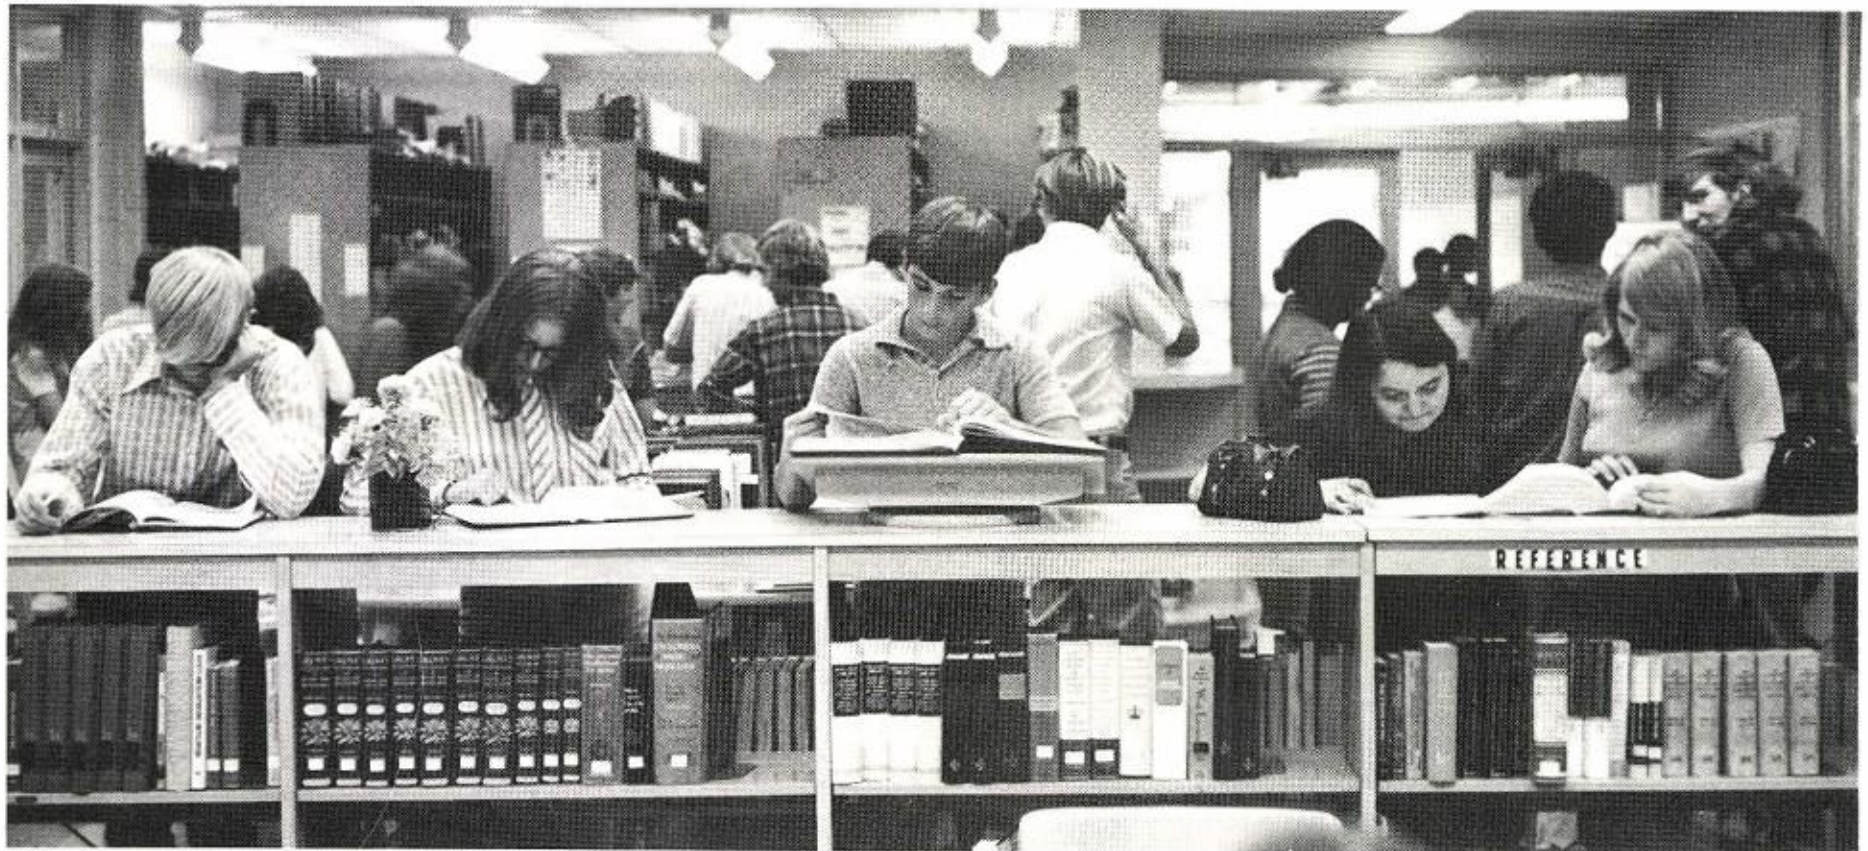

"The desks in 151 are cleaner than the cafeteria. I tried writing in there before and I got a bunch of mess on the back of my paper." (Karen Goodhope)

HOMEcoming

"S.C. will probably lose around \$100 on 'Odin '71'. I just hope everybody had a good time because it sure costs S.C. a lot." (Barb Leighton)

"ABL is considered to be an honorary English club consisting of junior and senior girls with a high average in their English classes. Throughout the year, we read and discuss books, hold bake sales, and have an annual carnation sale in the spring. Also in the spring, a banquet is held. The members dressed and ate according to the kind of banquet being held. We used the money from sales to go and see plays." (Tammy Price)

hear the applause

... of the audience after a good performance." (Wendy Meyers)

"We're hoping to watch the ...

go out and strive

... to get jobs. Many of the men are working in our building." (Marcia Gannaway)

you never have to say you've lost

. . . even when the judge says you have. Lee Winter has never lost a debate. He's just been gyped by the judge." (Jim Henthorn)

"This year's varsity debaters have the best analytical and speaking abilities of any we've had in three years. Our major weakness this year has been our weakness in the area of evidence. We can stand up debate any school we've met but we do not have the depth of evidence that some other schools have obtained." (Mr. James Ouland)

POM POM CORP

"I've met a lot of nice girls in Pom Pom. Practices were real hard, but it was worth it after a good performance." (Wendi Hoegberg)

"Keep in step!"

(Michele Massoney)

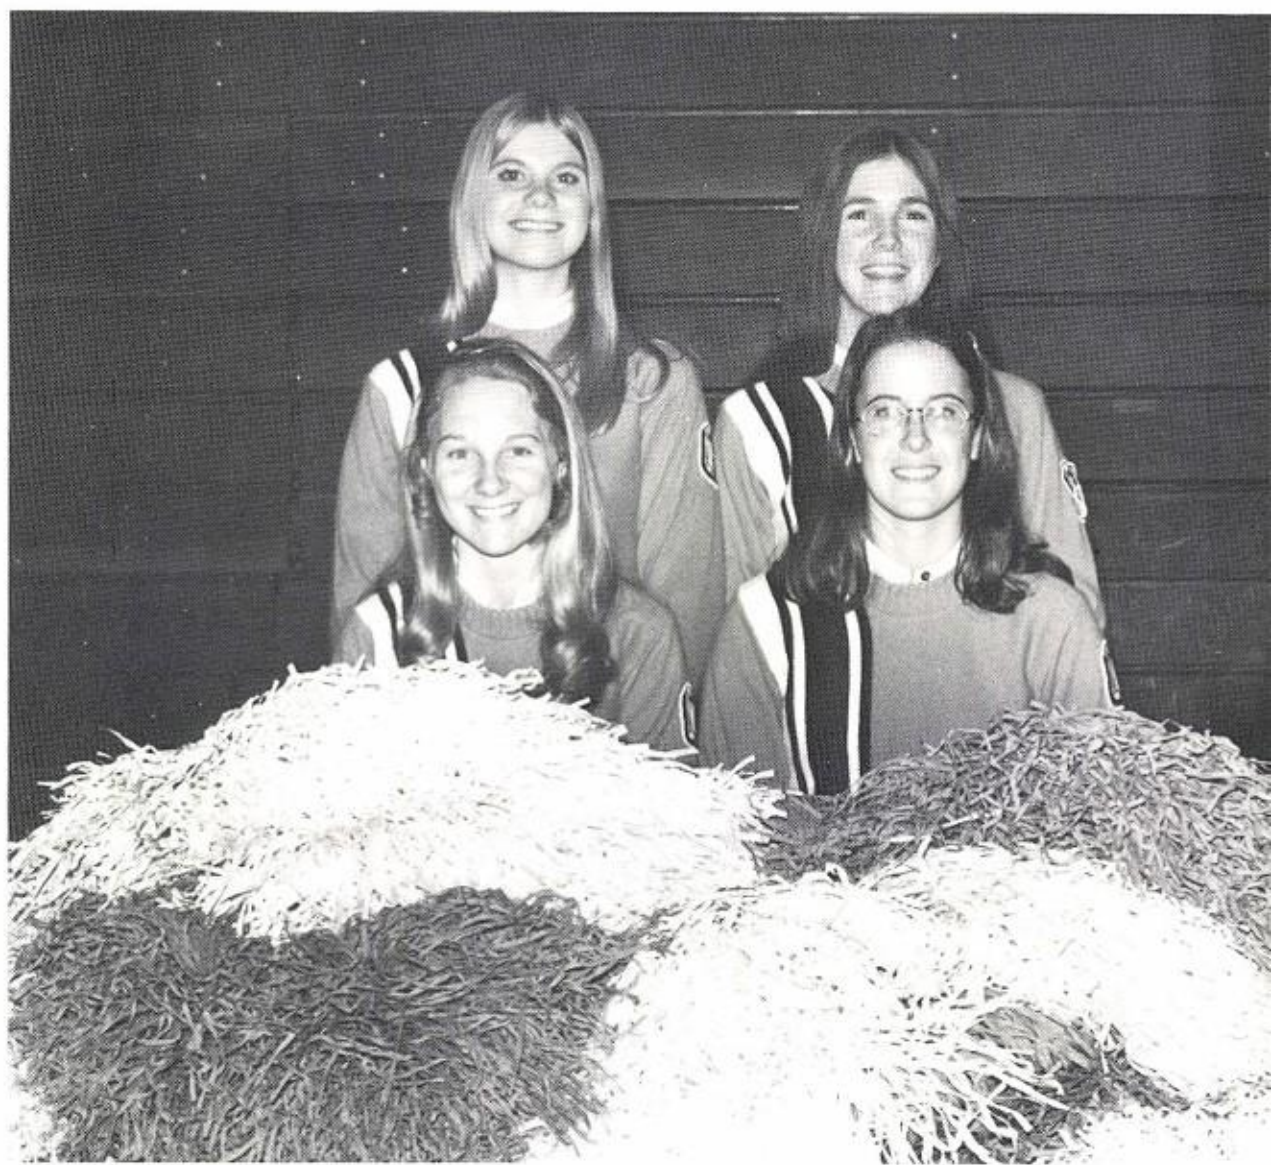

"I thought I was just about ready to die when I lost my tennis shoe during our very first football performance." (Jackie Busch)

"We were marching into the spokes of a wheel, and the trombone guy ran into me and grabbed my pom pom ... but I just ripped it back." (Sandy Mattison)

"We all kind of ad libbed it sometimes on the field. Like the time half the corp turned and walked on, and the rest of us were too absorbed in smiling at the crowd to even notice." (Martha Beckstrand)

"It was so humiliating! At one basketball game, the music stopped. Half the girls kept going and the other half just stopped and stood there. The crowd sure got a laugh out of that one! (Carol Schappert)

VALKYRIES

"I like to synchronize swim because it's fun and I like to learn new figures, but I have to put a lot of work in being an officer." (Wendi Hoegberg)

"One thing I don't like about Valkyries is Saturday practices, but otherwise . . .

it's a real splash!"

(Cheri Kratz)

"I think the show is going to be good if we practice as hard as we did last year." (Susie Sands)

"Valkyries is challenging. Our programs never seem like much until the dress rehearsals when everything is finally put together." (Kim Bowman)

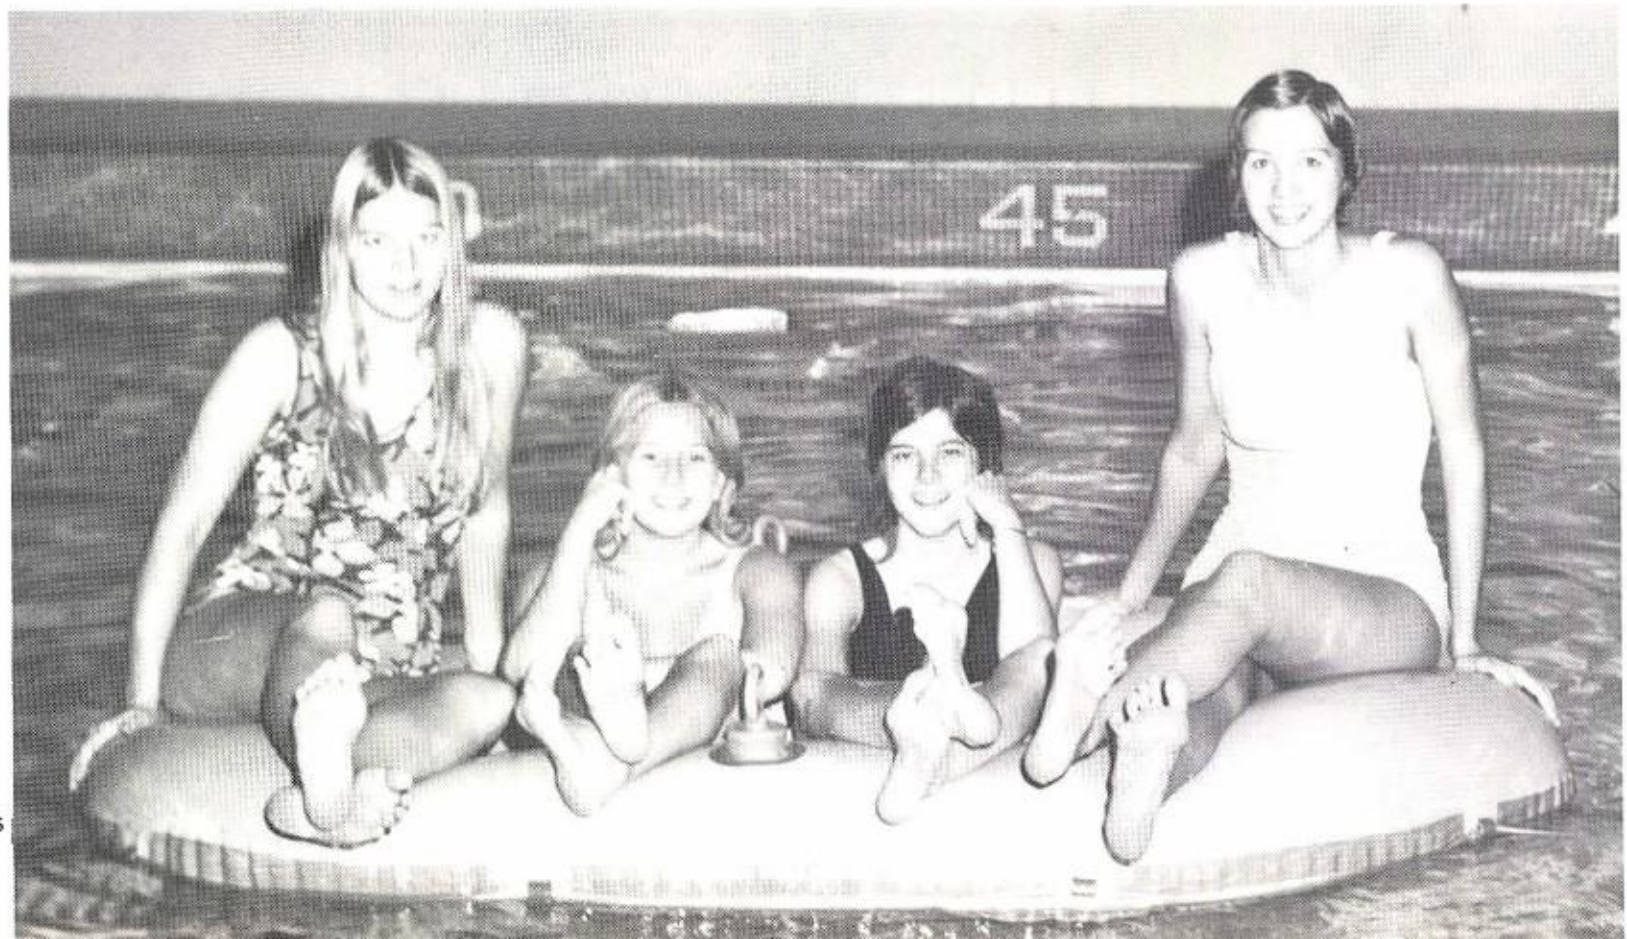

"I like to swim in Valkyries because it keeps you in shape and you learn new things like swimming techniques. This is the only thing a girl can do in swimming at Guilford." (Mary Ann Aramovich)

"Valkyries makes swimming fun. The exercise is good for you and this way you can swim all year round." (Barb Hammel)

... I like GAA! It has provided me with new skills, friends and a lot of fun. All sports done in gym class are offered in GAA throughout the year, plus extra activities such as playdays during the year." (Linda Reese)

"What I like best about GAA is that you are not watched over by teachers to make sure that you are doing everything exactly right. You can go at your own speed and just enjoy it." (Becky Falls)

"It's good for the girls because it helps their gym grades." (Blair Ross-Shannon)

(Rita Pirello)

"Pep Club helps build spirit in our school."

(Lynda Facchiano)

"I think we should get a card section at pep assemblies. It would be a lot of fun if we could get a lot of kids together to help promote spirit at games. I also remember that I was a lot louder as a freshman." (Karen Gardmann)

"The school looks a lot better with all the posters up in the halls, although other schools really seem to have more spirit than Guilford." (Kathy Skubal)

PEP CLUB

"We usually try to divide ourselves up to make a poster for all games and events for that week. Our only problem is that sometimes we don't have enough materials for all the kids, but this shows that there are a lot of students interested enough to come and help." (Debbie Doolittle)

"We come and . . .

grab a paint brush

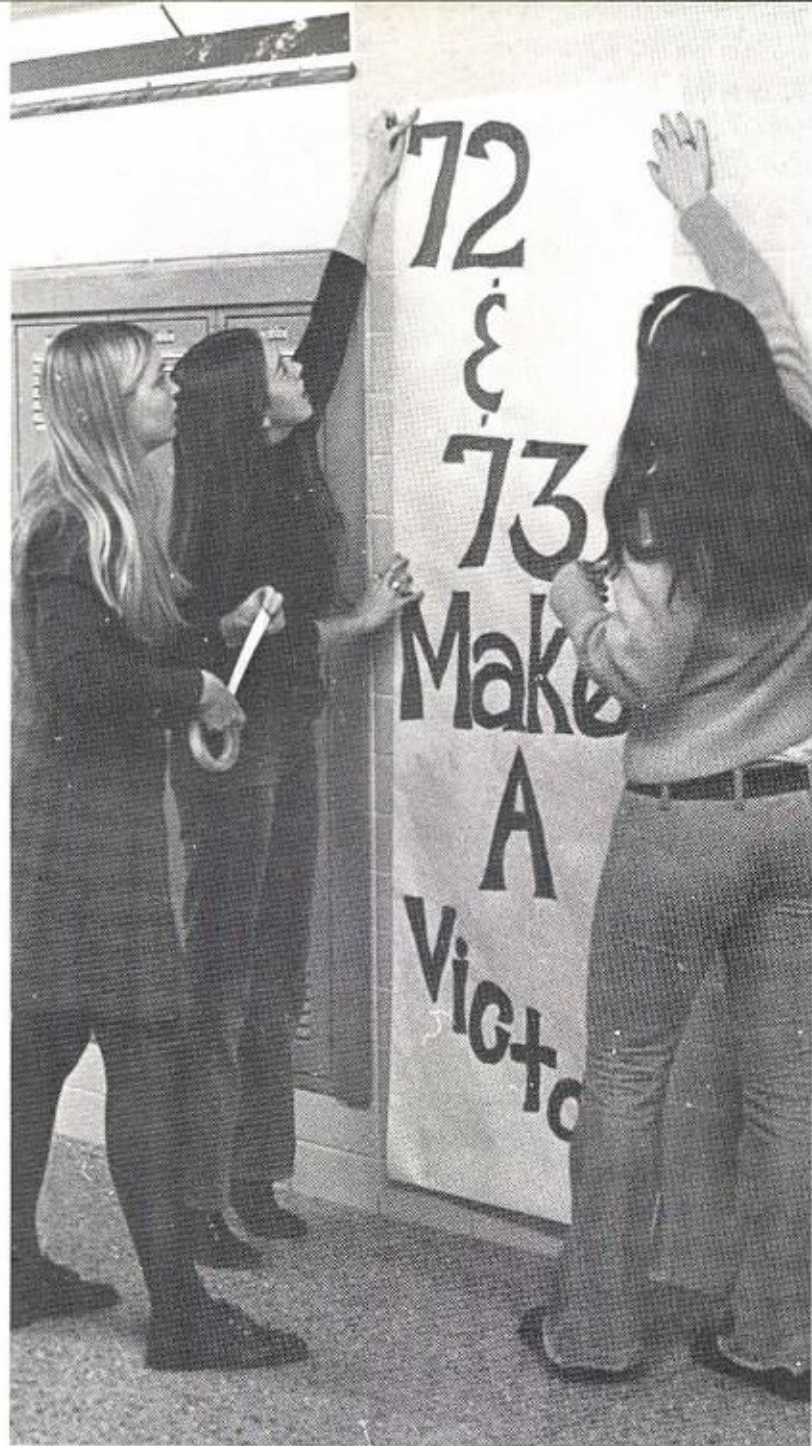

. . . and paint. I feel making these posters and putting them up around the school shows the other students and faculty that we really support our school and teams. It also lets people know who we play and when they walk down the halls." (Pam Calacci)

"Pep Club gives the girls a chance to show the guys they care! And we do!" (June Ahr)

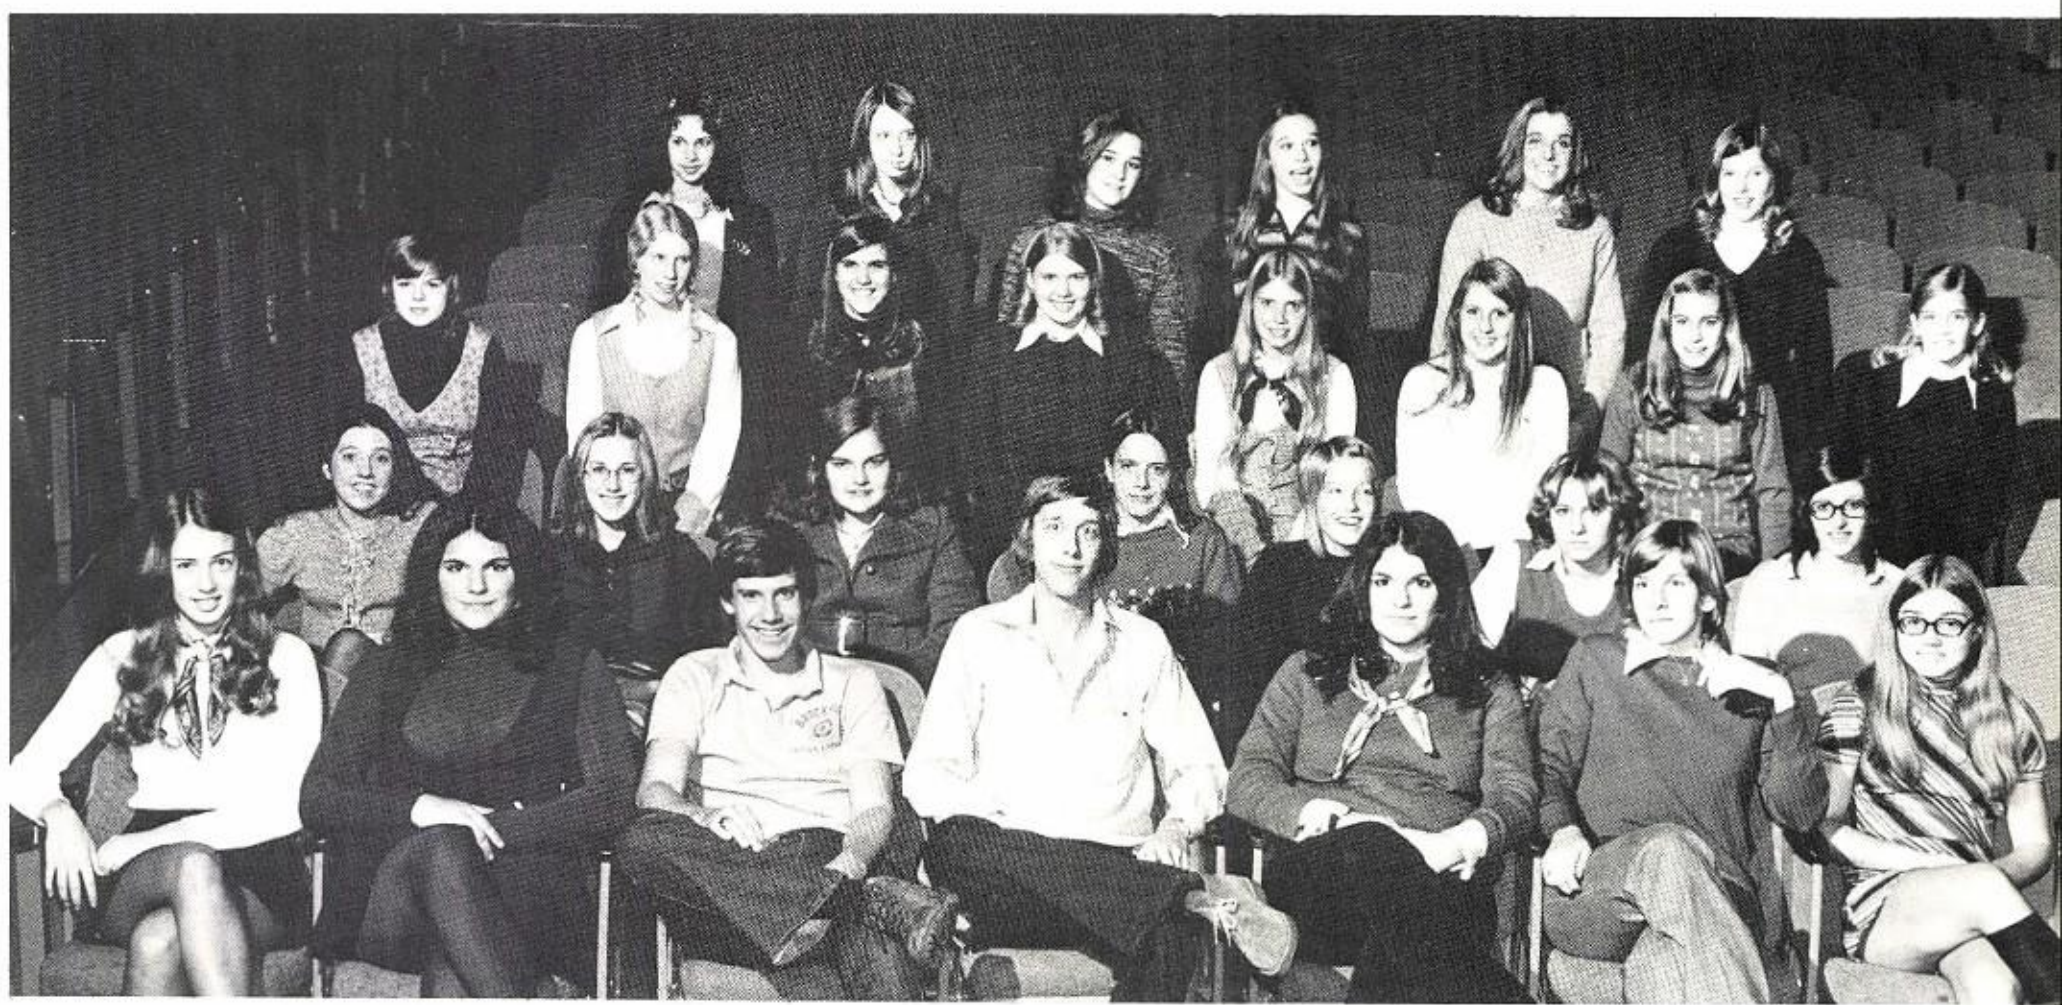

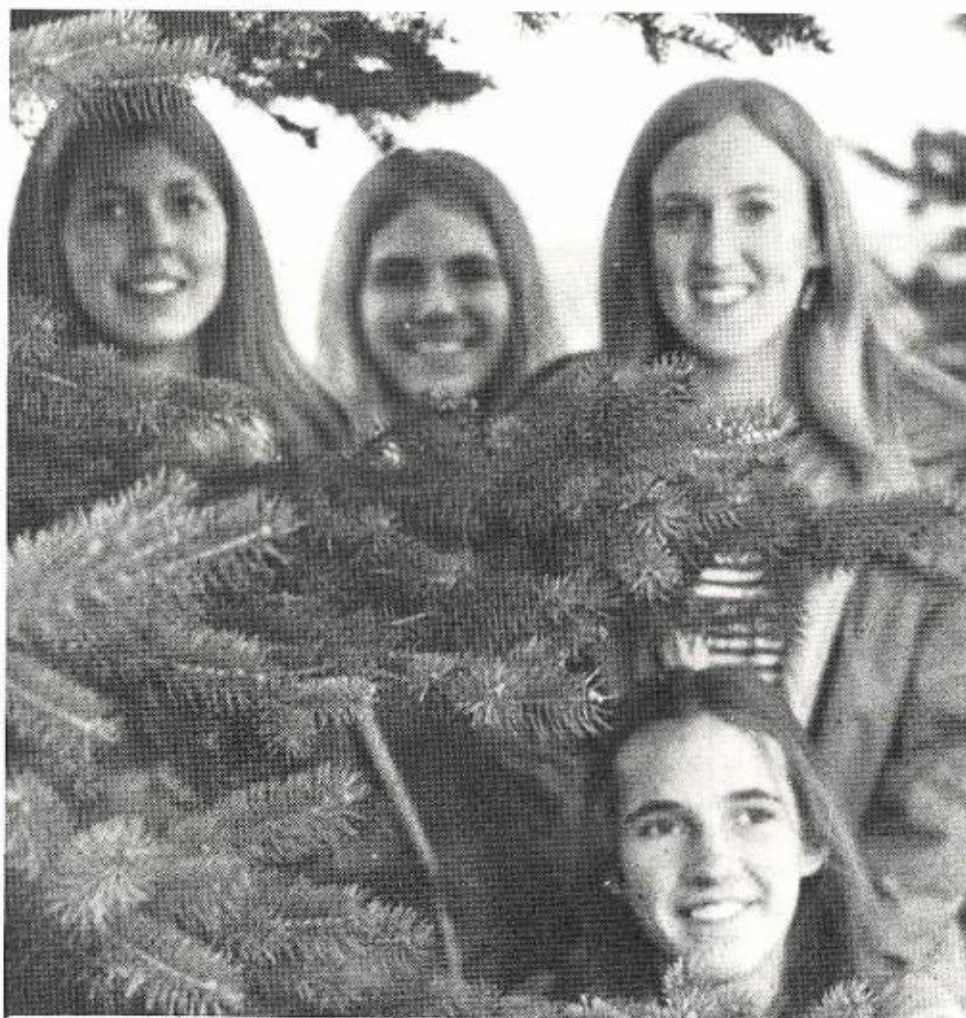

"Pep Club is a good place to be with kids you don't see very often during school. Also, it's a time to be with your friends and to show your spirit." (Wendi Hoegberg)

ATHLETICS

Vikings share Big Nine title

"I'm very satisfied with the whole season. We made mistakes but made up for them with excellent playing most of the time. The boys all worked hard and results were good. We deserved to win the title alone. A lot of the guys were some of the best players I have ever coached." (Coach William Swaby)

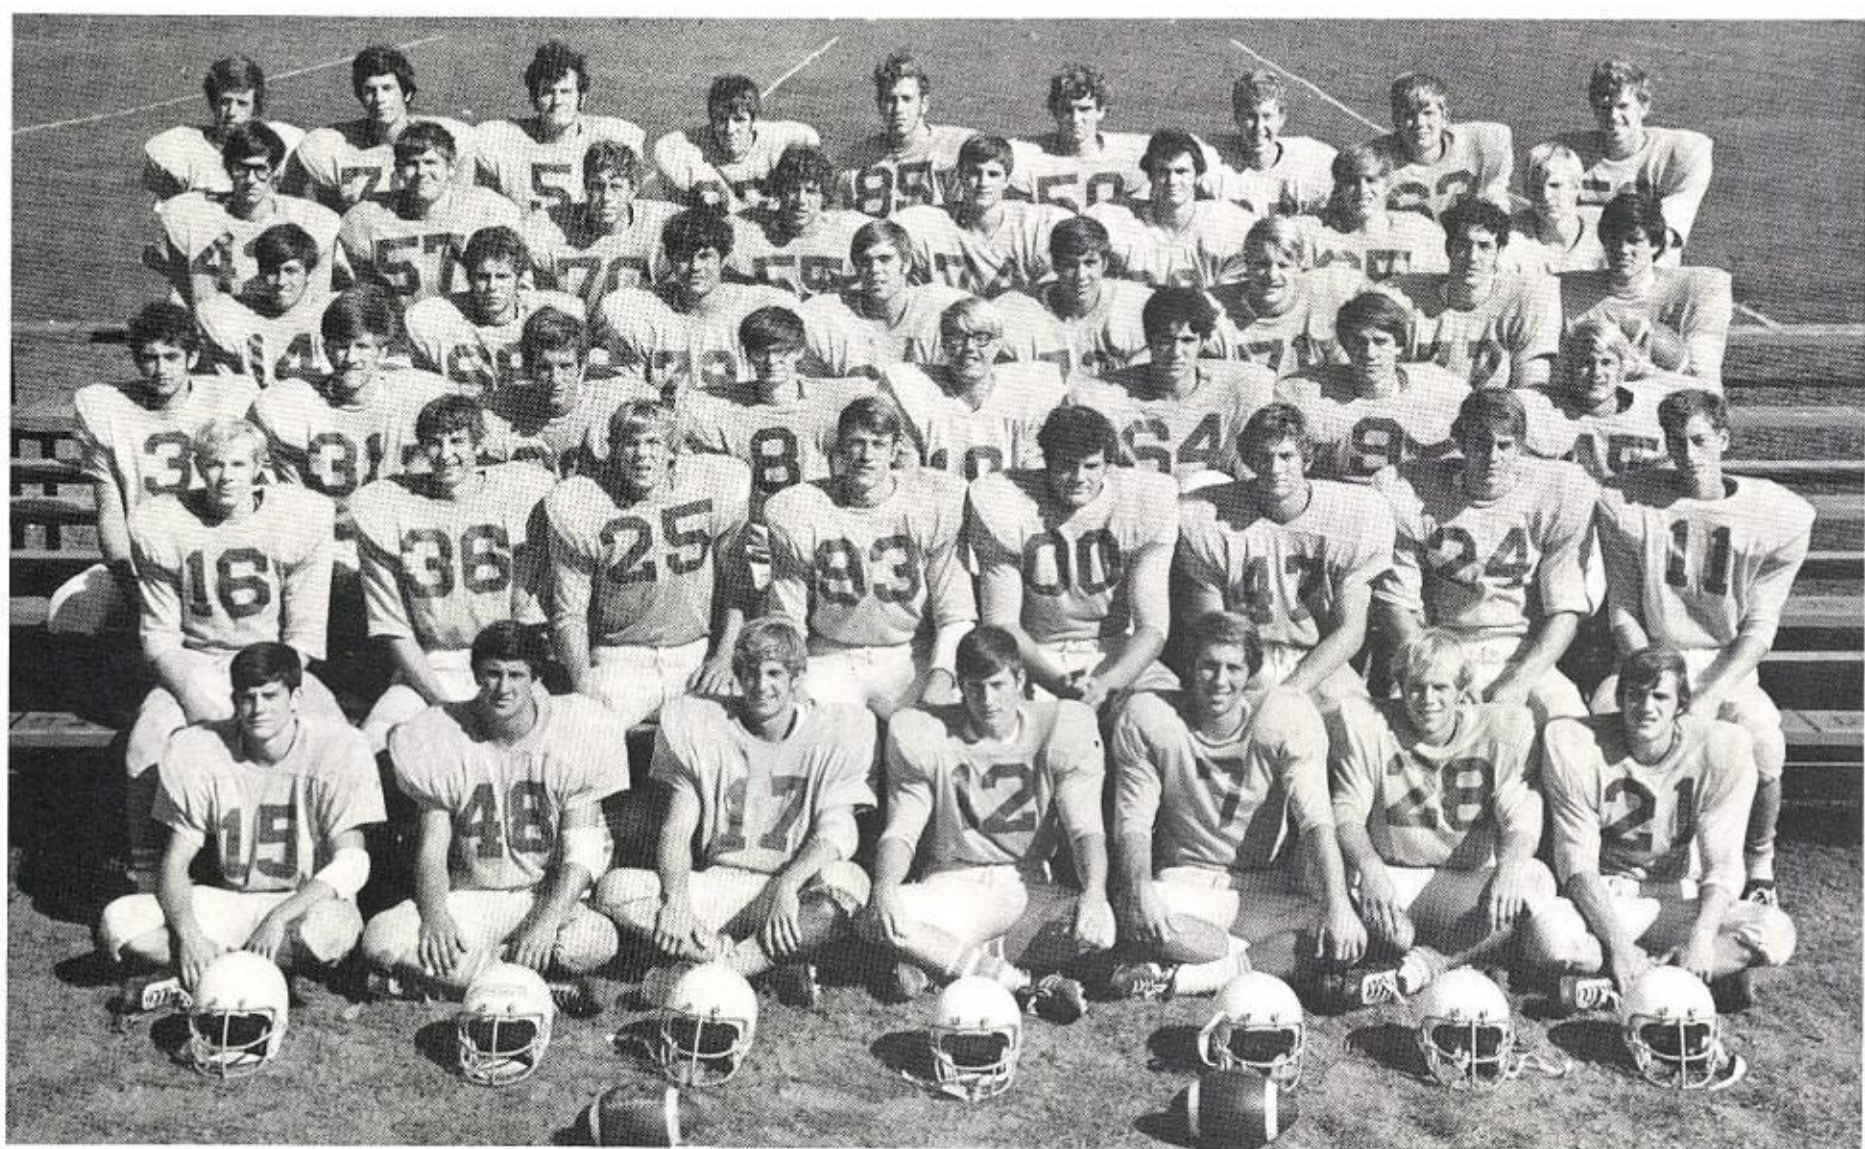

"Before a game I don't pray for victory but for courage, because in this game courage is a must." (Scott Heidel)

"My best game was against Auburn because I made four touchdowns. I guess that helped in winning all-conference and all-state." (Scott Boettner)

"Somebody in my Econ class told me I had made all-conference. I didn't believe him, I thought he was just kidding around. I was tickled pink." (Doug Wilson)

"I nearly got my head knocked off at the Boylan game. Considering everything, I'd say my best game was the West game. We played pretty darn good that night, but we just didn't get any breaks." (Doug Zimmerman)

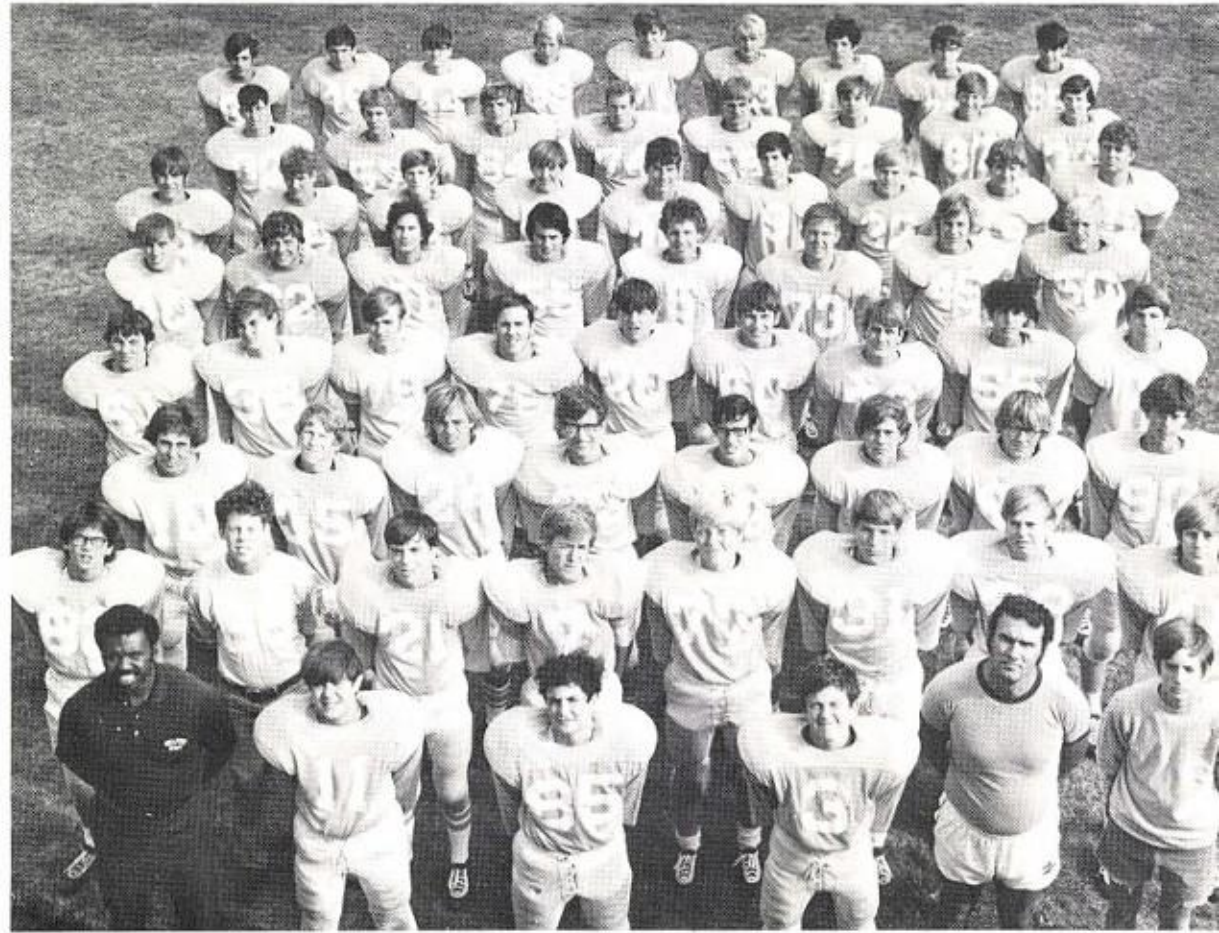

"We had so many ups and downs as a team it's hard to say what our best game was. Like in the Auburn game, defense slipped a little, but offense scored the most points ever. It all balanced out pretty well." (Brian Seago) "I worked all season to make all-conference so it was very gratifying when I made it." (John Robbins) "We're scheduled to get out of practice at 6:30 every day but we're lucky to get out by 7:30. Before a game we have to go in the gym and lay on the mats with the lights out and think about our assignments for more than an hour." Harriers Take First Conference, District

"I was really satisfied with the season this year except for two meets, Sterling and the State. We were really pleased for Paul. We were hoping he'd get in the top ten, but twelfth out of 229 is something to be proud of." (Coach Leden)

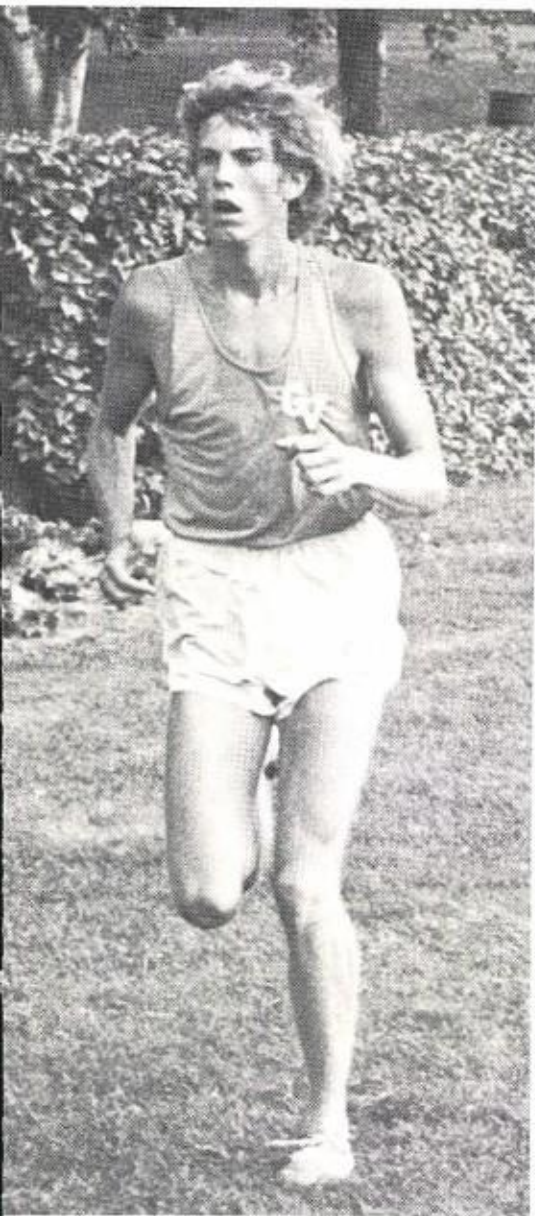

"I think the best meet of the season was the district; it was so great to turn around and see four blue shirts right behind you. It's not as much fun winning without a strong team backing you up." (Paul Sewell)

UPPER RIGHT: There is a look of determination on the face of Jon Bowermaster as he sights the finish line.

"We kept our undefeated record for winning dual meets. We won every dual meet this season so we didn't break our winning streak. The only real letdown of the season was that we didn't qualify as a team for the state meet." (Chuck Kostantacos)

"This was my first year out for cross country so it was different for me than most of the other guys. I think it was a pretty good season even if we didn't go downstate. A lot of the guys were unpredictable. One meet they'd run great and the next they wouldn't. The sectional was the worst meet and that was disappointing because the district right before that was our best." (John Reid)

Bill Goodhope takes a little "R&R" (rest & recuperation) after his run.

"I feel it was a great season. But I bombed out in a couple of meets. I guess everybody does sometimes." (Darrell Johnson)

"I think that this season was a real success except for two meets; the Sterling Invitational and the Sectional. But winning the conference and district made up for those disappointments. Sewell's twelfth place finish in the state though was the best part of the year." (Jon Bowermaster)

"It was a fine season, but the team should have gone down state. The team had the worst luck in the sectional; the worst sectional in Guilford's history." (Gary Peterson)

"There's no doubt that this was our best year ever. We lost one dual meet this year, but we were competing with better teams. I think we broke around 100 records. "The team did real well this year, but I wasn't satisfied with my own performance. I didn't do what I wanted to do — that is go faster. I'll have to do better next year, and I feel that I can. I broke some records this year, but I still don't feel that I did my best." (Brian Linderoth)

"This year was really great, but I think next year will be better yet. We've got strong juniors now who will be even stronger and better next year. There are also a couple of excellent swimmers coming from Eisenhower who can already beat some of our times." (Chuck Holmstrom)

"I was really glad the way the team came through downstate. There was some brilliant swimming that was great to watch and great to participate in. I did a lot better than I expected. I was seeded 27th and finished 11th. I was disappointed with my time, but I can't complain about my placing." (Bruce Bogen)

"I felt I could win the title, but I was nervous. I hit 467 points early in the season, but never got any closer. I'd wanted 500 all year, so 509.95 really pleased me. The championship means a lot to me because I don't think anybody outside of Chicago has won it in years." (Chip Geiger)

Coach Jack Flynn, S. Kramer, P. Coblenz, T. Donahue, R. Hughes, R. Steward, M. King, B. Friede.

"What I liked most about the season was the way the guys got along so well. We're good friends and really have a lot of fun. At this stage of athletics I think it's important to really enjoy the sport and have a good time as well as do the work." (John Whitcher)

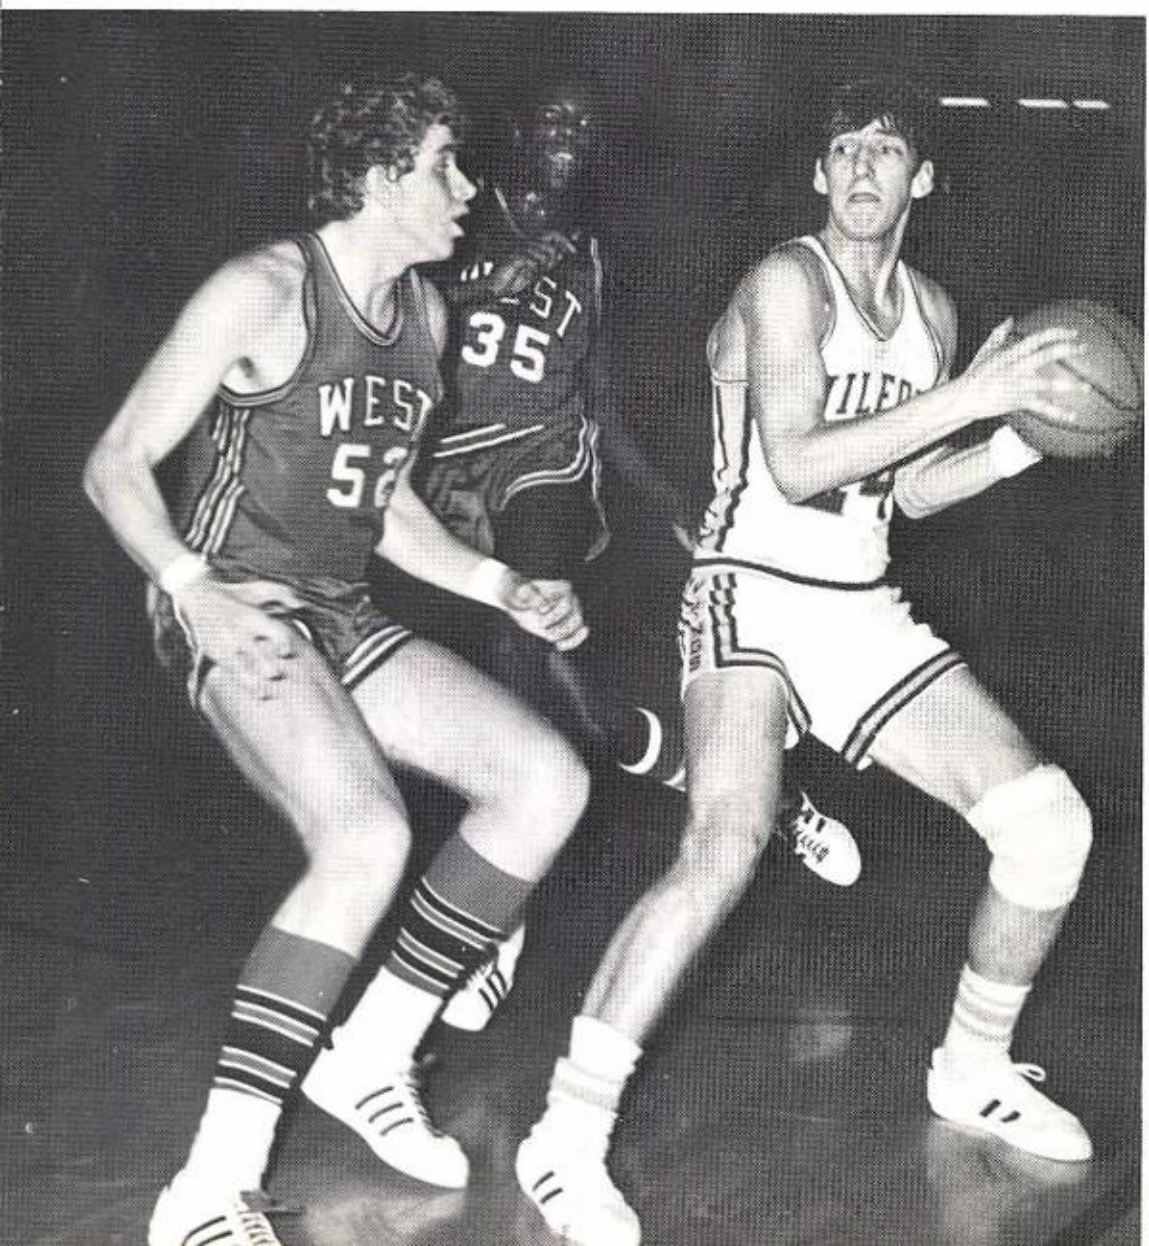

"We had excellent players, I think the two best forwards in northern Illinois, and a lot of talent on our team. We are definately much better than our record shows. Losing games by a close margin really hurt our record." (Scott Heidel)

CENTER: Teammates Pat Coblentz and Tim Donahue watch as sophomore Chris Loy out-rebounds the Auburn Knights.

UPPER RIGHT: Junior Rick Hughes gains varsity experience as he fights for a rebound.

LOWER CENTER: The look on Perry Green's face clearly says "stay away" as he struggles to hang on to the ball.

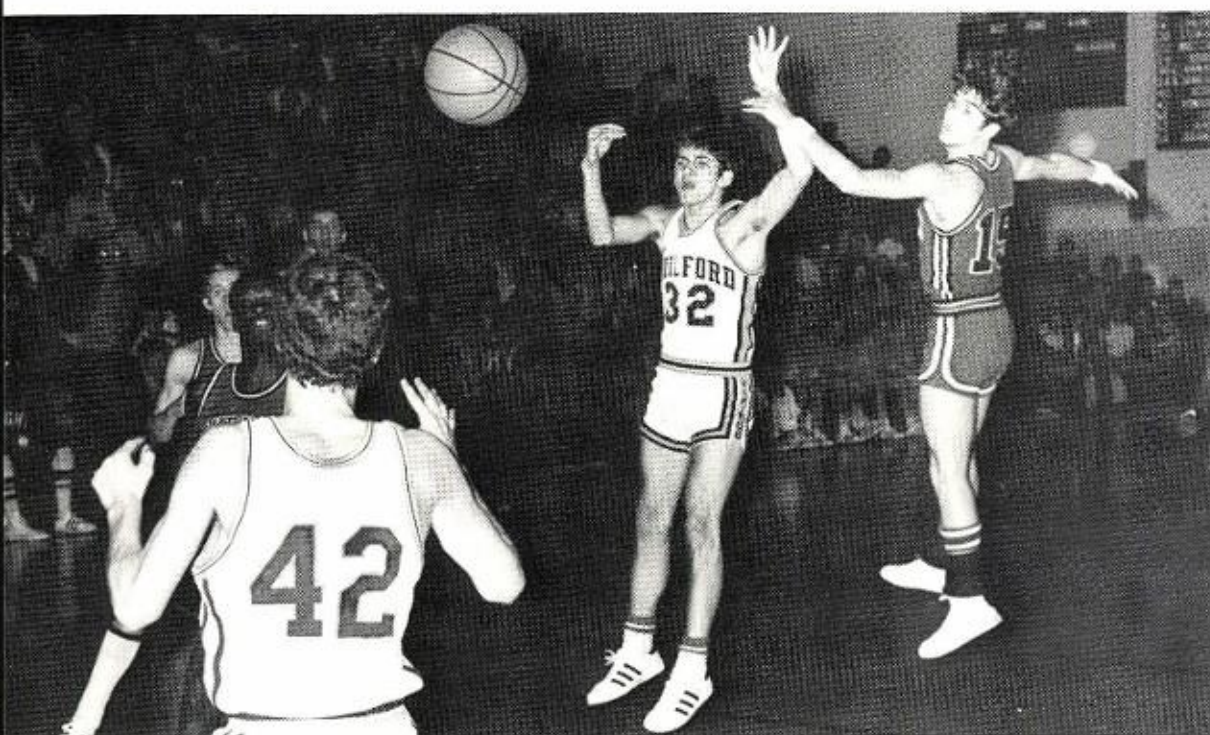

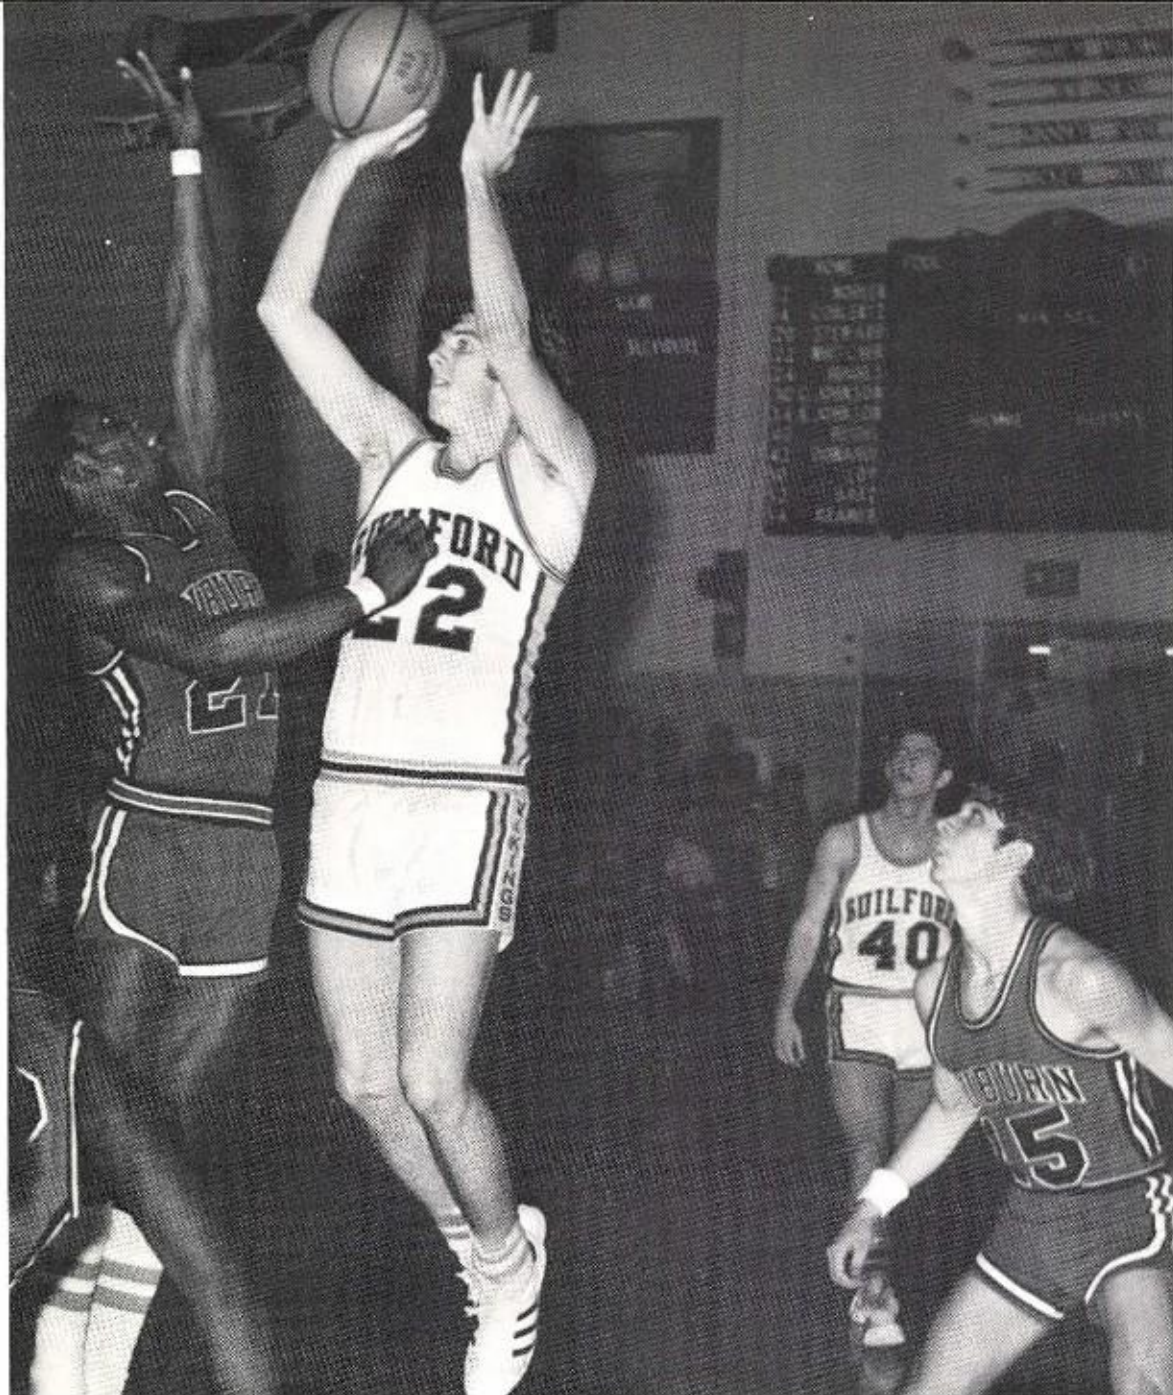

LOWER RIGHT: Senior guard Scott Heidel displays deep concentration as he adds two points for the Vikings.

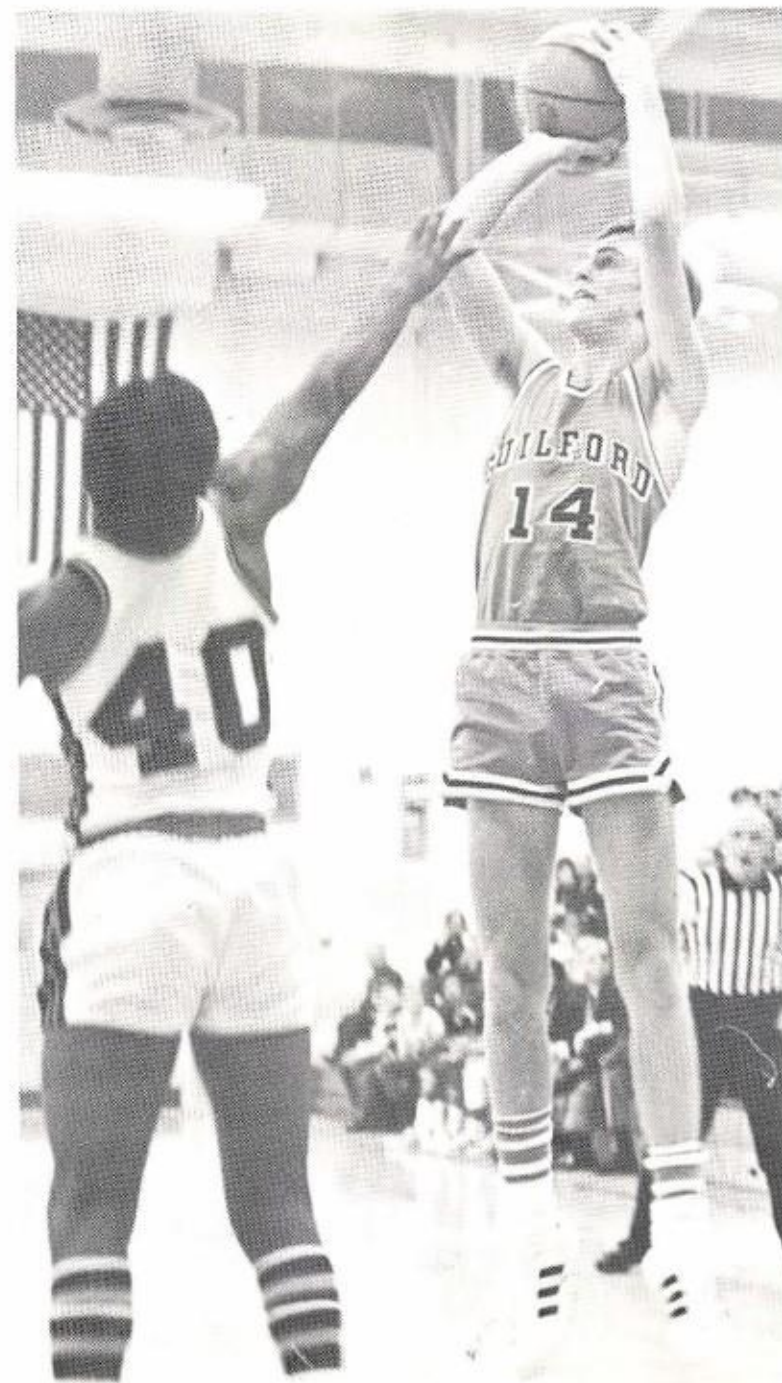

"After I had knee surgery the worst part was watching the games and not being able to do anything. When I came back I felt like I had to prove something to myself. It was a helpless feeling not being able to play. Man for man we had the ability to win the conference, but as a team we couldn't get together at the right times." (Perry Green)

"We had a good JV season losing only two games. We have a lot to look forward to next year. The best part of the varsity team was the good relationship between the juniors and the seniors. It was probably the best there ever was." (Rick Barz)

"We weren't the best, but we had a lot of fun. We should go far next year. We'll miss the seniors, but I think we have enough talent to pull us through." (Dave Noreen)

"Our team had the potential to really go far in the regionals but we just didn't put anything together at the same time. Sometimes the players would be off, sometimes the coaching. A lack of understanding between the coach and the players hurt our team." (Randy Steward)

"We were very disappointed with our record, although a couple of the players had outstanding seasons. To summarize the season, we played with the competition. When we played good teams we played good ball; when we played poor teams we played poor ball. But the future looks bright. We should have a good team next year." (Coach Bob Kemp)

Good coaching inspires runners

"West and Auburn should be our toughest competition this year, however we can count on a first place trophy from the track team. I think we have more over all talent than any team in the Big 9, but more so we have Coach Marks. He's a great guy, a fantastic coach and he understands the guys. Improved pitching brightens outlook

"I think we'll have a good season especially defense. We have most of our infield back and four good pitchers. We should finish in the top three." (Gary Bidzinski)

"We've been underated so far. We had a real good pitching coach working with us. We're strong in every other position, so if our pitching comes along we should be on top." (John Robbins)

"This year we've got all around hitting power. Everybody is capable of getting a single every game instead of only a few power hitters like last year." (David Doig)

Returning lettermen lead golf team

"Last year we won the district, conference and sectional. We have all our men back but one so we should do the same. I don't like to predict, but we have a chance at the state title. This is the year to do it. We've got a better team than when we finished second a few years ago." Coach Lindeman)

"The top five always go down state and I think we'll do real well. We won everything but state last year and we'll do it again." (Ken Kellaney)

"Remember, if you're not in the fairway it's rough; a ball in the bush is worth two on the card; when you can't find your ball turn over a new leaf. Seriously, if we all concentrate and don't goof off on the course we should finish in the top five or six in the state. The way we finished in the New Trier Inv. is probably the way we'll finish down-state." (Jack Gustafson)

FACULTY

Dr. Robert Salisbury has successfully completed his first year as Rockford's Superintendent of Schools. Dr. Salisbury came to Rockford from Summit, N.J.

SCHOOL BOARD, SUPT.

"To make Rockford schools the best in the land is our goal. Education is the most valuable thing a child can have. We want our children to have this opportunity for knowledge." (Dr. E. E. Calhoun)

"We are trying to make our schools the . . .

best in the nation.

. . . Our evaluation program encourages teachers to teach their students in interesting ways, making the child enjoy coming to class." (Robert Cook)

"For many years I have been involved in civic activities. I've been presidents of many clubs and I've dealt with youth. I felt that the school board would be a good opportunity to help the youth of this community, to work to improve their education." (Harold W. Seeber)

"The school board sets a policy for the school system to follow dealing with extra curricular activities and in any activities that the school gets involved in." (W. Crawford Tucker)

An Amish setting in the "Driftless Area" of Wisconsin creates a background for the "American Gothic" couple, Mr. Robert Wood and his wife Jane.

ADMINISTRATION

"Our amount of administrative time spent on teaching evaluation has increased. Our goal is for each of the three administrators to visit each teacher for one full class period and a conference afterwards." (Mr. Darrel Mangas)

"This year we've put diagnostic learning centers around Guilford where the student can get together with the teachers for any extra help. We also try to ...

encourage the students

... to come to us with any problems or disapprovals of Guilford. I think all the involvement starts when the students come in my office to talk on their own." (Mr. Robert Wood)

"The students here at Guilford are great. We try to get involved with them as much as possible, whether it's just a quick chat in the halls, or if they come into our offices, or if it's after a class that we have just visited." (Mr. Lloyd King)

Freshmen Michelle Krueger and Jane Peterson relate their approval of Guilford to Mr. Lloyd King and Mr. Robert Wood.

COUNSELORS

"The most tedious part of my job is the most interesting part. That's when you are dealing . . .

on a one to one basis

. . . with students, with teachers, and with parents. That's the part I like most." (Mr. Bill Bowen)

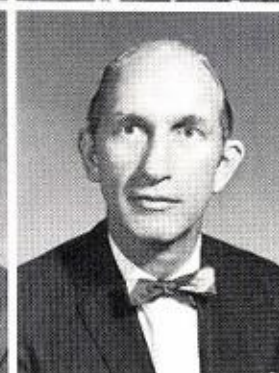

"I like the counseling situation at Guilford because it gives me a chance on a very personal level to begin to understand and appreciate other people as individuals." (Mr. Carl Nielson)

MATHEMATICS

"How do you expect me to do this problem, when the blackboard's so small?" (Chris Erickson)

"Many of our math teachers are getting more involved. I've been calling more parents to get them to help me teach the students. This is a new concept which I'm sure will be used more and more. We are . . .

(Mr. Anthony Isabelli)

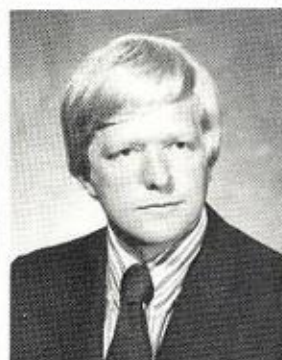

"I like teaching freshmen because they don't take everything so seriously. They can work a problem, make a mistake and get a laugh out of it." (Mr. Gerald Walton)

"You be Dr. Jekyll, I'll be Mr. Hyde."

(Ann Barrows)

"I believe to be just a well-informed citizen, science is important. We live in an age of technology." (Mr. Donald Hicks)

"Science is not just a memory course. It's exciting and stimulates curiosity. As far as IPS is concerned it's mainly lab oriented. The kids have to think to find their own answers, and in finding these answers, the students have to rely on each other." (Mr. Robert Hoffman)

SOCIAL STUDIES

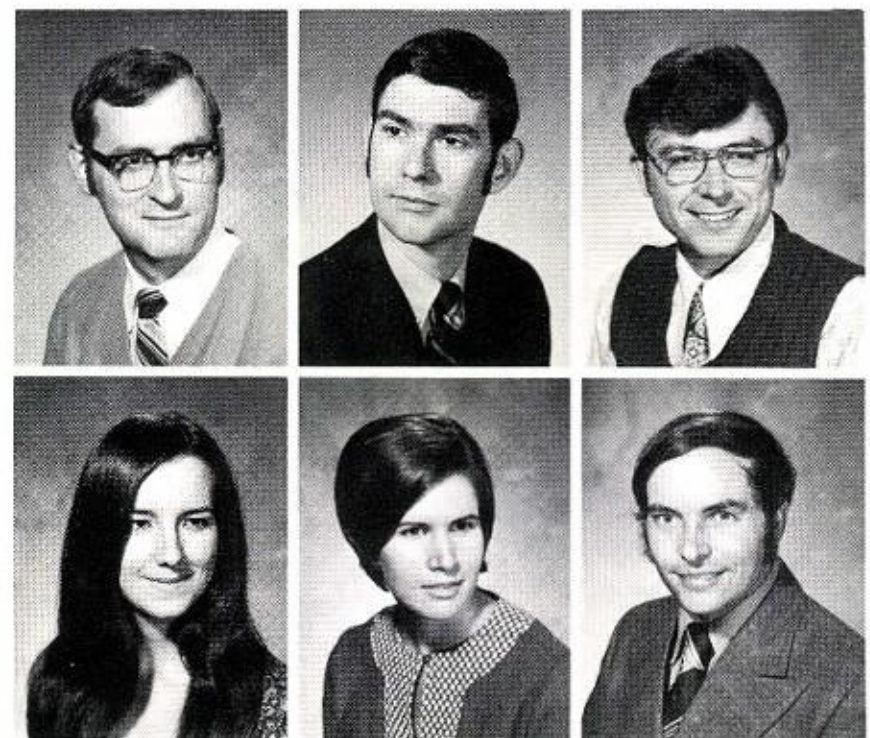

"I team teach with Mr. Crawford. We combine our classes for cultural presentations such as slides, music, films and lectures. I think the kids respond very well. This approach can combine different thoughts. In this respect, team teaching is better." (Miss Nellie Busey)

"Something really new this year was ...

Mr. Crawford's 'dig'."

(Miss Marion Peters)

"One anthropology class created a culture including artifacts that they then buried in a site they created. The other class was responsible for the later excavation at this site, with the goal of reconstructing the original culture. Hopefully both classes were able to see from experience how an archaeologist uses raw data to help explain the story of man." (Mr. Gerald Crawford)

"Literature can be one of the most important things anyone can study because it broadens human experience. It is learning to look into the light and see truth." (Miss Joanne Potvliet)

"That's a beautiful idea! Did I hear you correctly? Please be quiet — these . . .

kids are trying to communicate."

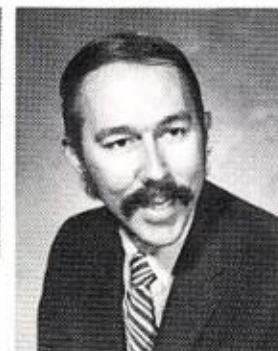

(Mrs. Elizabeth Munson)

"This class can't even wait until the announcements are read to start arguing." (Miss Bea Kollias)

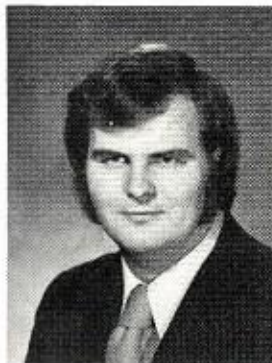

"English is important to a student because he should be aware of his culture and his greatest awareness comes through English. Through the myths and epics read you learn about other countries, and how their values differ. English can expand a narrow mind. We can meet other people and go to other lands through reading books. We bring things to books and books bring things to us." (Miss Patricia Davis)

FOREIGN LANGUAGES

"The posters that the students made on 'Why study a foreign language' are taken to Eisenhower and are used as propaganda to encourage the eighth graders to start a foreign language in their freshman year." (Mrs. Joyce Zartman)

"About one or two times a week I enjoy Spanish because we sing Spanish songs . . .

'Guantanamo' is my favorite.'

(Ruth Wallach)

"We haven't changed teaching methods, we've changed books! In my own opinion, because of the improvement of transportation and because the world is smaller, we can't hope much for world peace unless people can understand each other." (Mrs. Frances Sapp)

ART, MUSIC

"The art department has changed so much this year. I am very satisfied. With the new age of women's lib, a woman has to learn to use tools." (Mrs. Lorraine Grosse)

"Jewelry making is a really great class, especially for those students who can't express themselves through art design. This enables them to create more." (Mrs. Carolyn Watermiller)

"We're having more ensembles this year . . .

brass ensembles, string quartets.

They are supposed to be something for the underclassmen to work up to. Playing in a school orchestra is a good experience because you can learn from other people's mistakes." (Sara Hand)

"I like being in the choir because it gives me a chance to meet other kids and have the experience of performing outside the school such as in churches and civic organizations. Everyone in the choir is very close so it makes singing together a lot of fun." (Martha Finch)

Music always on their minds, two band students take a look at some of their new music on Mr. Dennis Blunt's desk and discuss plans for their downstate trip later in the year.

HOME EC., BUSINESS

"In Sewing 3-4 we all make basically the same things, like tailored and lined garments." (Janis Peppers)

"as ye shall sew so shall ye rip"

(wall hanging, Rm. 179)

"We have a wide variety in the home economics department. We have beginning and advanced clothing, tailoring, and four semesters of cooking. There are classes in child development and we had a kindergarten that lasted three weeks. There is also house design, marriage and family living, home management, and needlecraft. We really have any class that any girl might be interested in." (Mrs. Phyllis Safford)

"This year we have a course on Introduction to Business. We've ordered about \$300 worth of fantastic books. They can take the course requirements in any order they want and complete them at their own pace. Their tests are oral, face to face with me, and they really seem to like it." (Mr. Michael Harmon)

IND. ARTS, DRIVER'S ED.

"What we attempt to do in Industrial Arts is to make it possible for a young man to explore mechanical and electrical activities. Basically it is divided into four areas — drafting, metals, power lab and electronics." (Mr. Sherwood Coul)

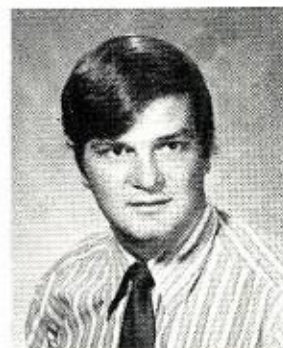

"Yes, I was scared

... because I never had complete control of the car at high speeds. The driving range seemed to have helped a lot, but it wasn't like driving on the road because you couldn't go as fast." (Mary Johns)

"Driver's education helped me learn a lot of skills like parking that I think we should know before going out on the road." (Linda Lampert)

PHYSICAL EDUCATION

"I think PE is important to everyone. In our gym department we have team sports and individual sports. With these individual sports we can see the ability of each person. We can also introduce to them physical activities and through these we hope that they'll get involved in athletics. In team sports the kids are divided up by their talents so that they will learn how to adjust to other kids whose talents differ from theirs. Four years of gym offer the best opportunity for physical fitness. In this society people won't do things like ...

stay in shape

... because it is inconvenient for them. (Mr. Lee Marks)

"Creative movement is the hardest thing. It's not something black or white, it's something you have to make up. It all depends on the girl." (Mrs. June Haselton)

CAFETERIA, JANITORS

"About a thousand kids go through the lunch and snack lines a day. One of the problems is keeping the hot things hot and the cold things cold. Usually our ...

busiest hours are fourth and fifth

Our menus are planned at the Board of Education. People who really get around and see a lot of kitchens, like the milkmen and the ice cream delivery men are amazed at the cleanliness of our kitchen. We like to encourage all the parents to come through on the tour. We're proud of our kitchen and we want to show the parents the preparation and care that we take." (Mrs. Helen Patterson)

"The blackboards in the math rooms are cleaned every other day. We try to get every other one at least once a week. The season that's the dirtiest around here is from the Labor Day weekend until between June 8th or 9th. We probably average around a ton of trash a week. At any point that we could get help from the student body in cleanliness and sanitation, we'd appreciate it." (Mr. Ray Hiller)

"I see that the cafeteria is picked up. I ask the kids to pick up their trays, then if they don't, I give them a warning, and then if they don't, I report them to Mr. Wood. I've never been happier. The students are wonderful. There are just a few that cause problems." (Mr. Maurice (Moe) Ingram)

TOP TEN

"Being on the Top Ten I feel is an honor deserved of by students who set high standards for themselves. I think it will benefit me in such a way that I will always try to work at this high level." (Debbie McCleary)

"Being on the Top Ten gave me a great thrill and . . .

boosted my confidence

. . . very much I hope. I will do well in the years to come." (Lori Conrad)

"I think that being on the Top Ten is of nothing special to me. The inequality due to the fact that the group is not composed of the top 20 students reduces the honor." (Chip Scott)

"The Top Ten is an honor and a privilege. But I really was surprised when I was told I made the Top Ten." (Chester Roe)

TOP TEN GIRLS Front to Back: Sara Grimes, Lori Conrad, Karen Erickson, Barb Leighton, Randy Ravitts, Trisha Whitehead, Lecia Slabaugh, Martha Beckstrand, Gail Holland, Debbie McCleary.

"AFS is an effective means of communicating between countries and promoting world peace." (Margo Thienemann)

"I feel . . .

it is quite an honor

. . . to be chosen a DAR representative. But I honestly don't feel that I've done anything special to deserve it." (Judy Holmstrom)

"Like everyone else I entered the Betty Crocker Homemaker contest to see if I could win, and I must admit that I was shocked when I did." (Sharon Tortorici)

"If I am able to go to another country, I hope to convey a realistic image of the American." (Linda Weingartner)

FINALISTS, WRITING AWARDS

"One advantage of being a National Merit finalist is that you get tons of letters from colleges wanting you to attend. You have a better choice of the colleges you would like to attend." (Peggy McHugh.)

"When I was taking it, I was thinking that the National Merit test would be good practice for the ACT test that was coming up." (Louis Gudema)

"I was surprised when they told me I had one. I think . . .

**it's a nice feeling that
someone likes your work."**
(Shiela Reaves)

"I was really surprised when they said I had won. Because first of all, I wasn't sure if my work had even been entered." (Bruce Warnimont)

UPPER: **NATIONAL MERIT FINALISTS** Judy Loy, Peggy McHugh, Debbie McCleary, Dan Hotchkiss, Trisha Whitehead and Louis Gudema, strike a scholarly pose.
LOWER: Winners of the Women's Club creative writing contest, Shiela Reaves and Bruce Warnimont, received the honor of reading their works for a Rockford Women's Club banquet in February.

GRADUATION SPEAKERS

"There are many people who can't identify with traditional religion and I thought I would start a tradition of having them speak at Baccalaureate." (Dan Hotchkiss)

"My religion is a basic part of my life, and this seems to be the only way, in high school, to express my feelings." (Ruth Wallach)

"I feel that it is necessary to ...

express ourselves

... not only to ourselves, but to many others. Speaking to my peers, I hope to express my faith in Jesus Christ." (Sue Tamborini)

"Speaking at Baccalaureate gives me a chance to reflect on some things that I feel are important to all of us." (Beth Ross-Shannon)

"Being chosen from the senior class made the honor of speaking even more of a distinction." (Jolen Schmauss)

"In being a Commencement speaker I hope to be able to convey my feelings to all the people I've come to know so well, because they've been so good to me" (Chuck Kent)

Dan Hotchkiss, Religious Humanist, Ruth Wallach, Jewish, Sue Tamborini, Catholic, and Beth Ross-Shannon, Protestant, represent their faiths as Baccalaureate speakers.

Jolen Schmauss and Chuck Kent were chosen from the senior class to represent them as Commencement speakers for the 1972 graduation.

ATHLETIC HONORS

"The trampoline is exciting and it's my life. I love the feeling of freedom, learning new tricks, and meeting so many people. My main goal is to go to the Nationals." (Marilyn Stieg)

"It is a challenge

... to me. I skate because it is fun and there's lots to learn. My ambition is to win a gold medal in the World Championships." (Leslie Glenn)

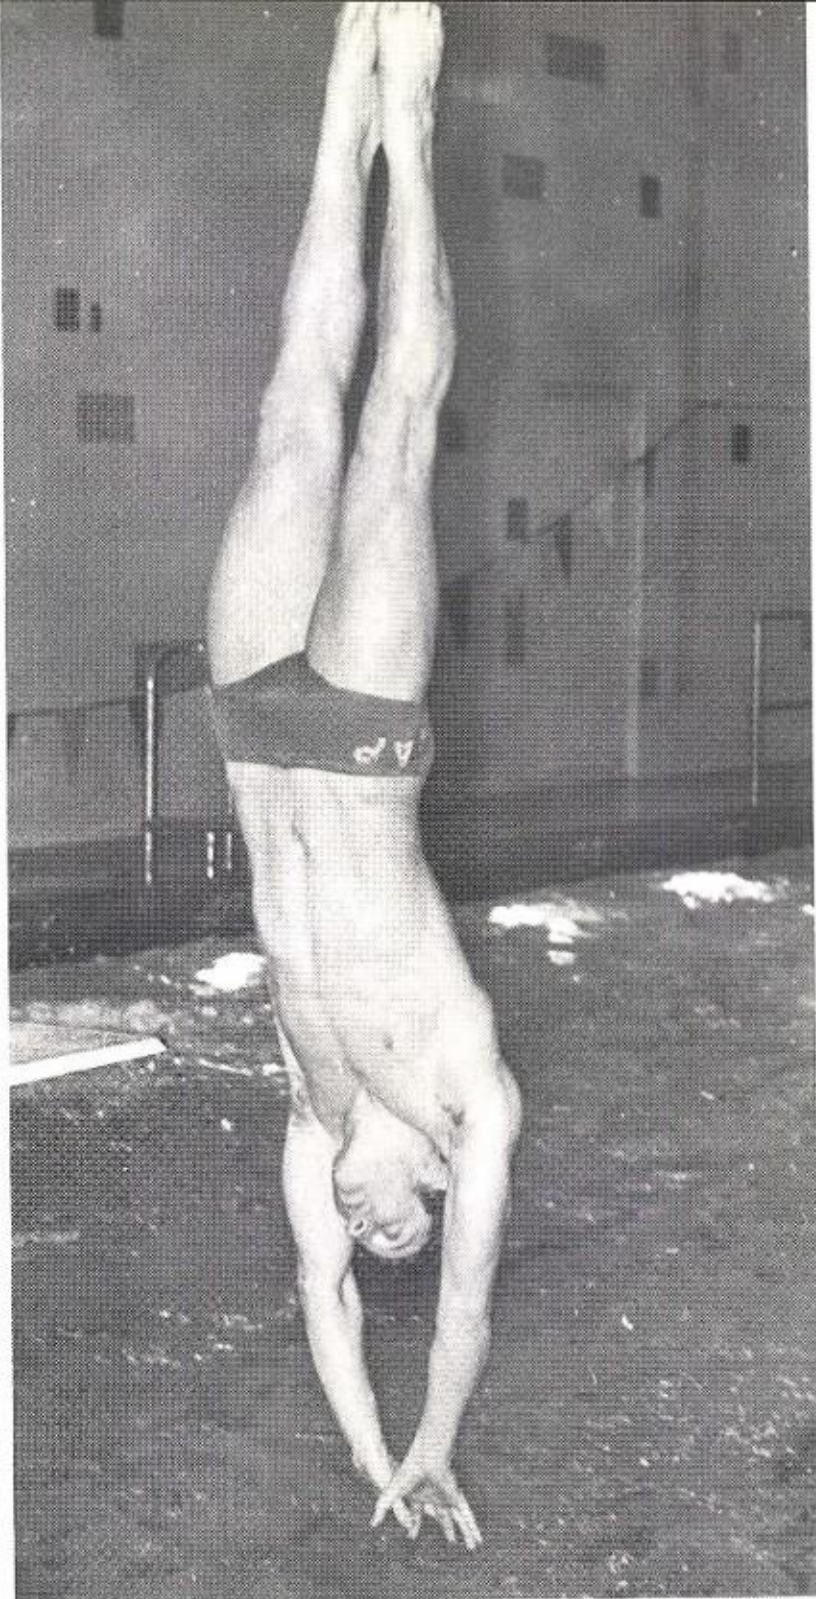

"I usually do better in competition, so I like that the best." (Chip Geiger)

"The trampoline gives me a feeling of flying or floating in the air. I hope to continue doing the best I can and possibly make it to the World Championships some day." (Alexandra Nicholson)

UPPER RIGHT: Out of 55 divers from the state of Illinois, Chip Geiger captured first place.

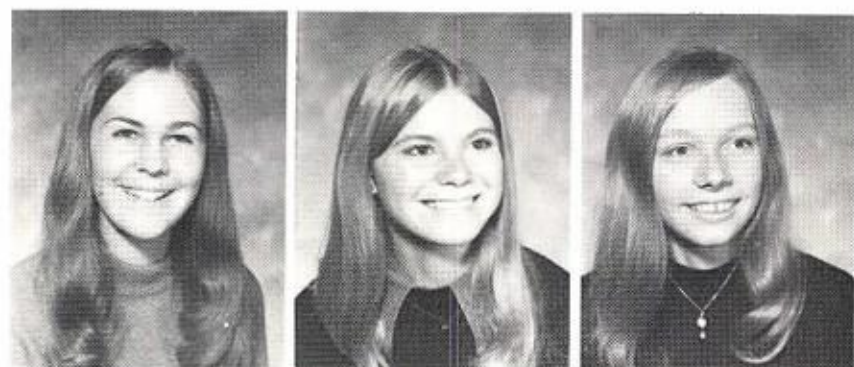

LOWER LEFT: Marilyn Stieg and Alexandra Nicholson synchronize their jumps during practice. They are the 1971 National champions in synchronization.

QUILL AND SCROLL

"Members of Quill and Scroll must be in the upper third of their class in general scholastic standing, and ...

they must have done superior work

... in some phase of journalism or school publications work, such as writing, editing, management or production." (Quill and Scroll Constitution)

"Each chapter can use its own method of selecting members for Quill and Scroll. The Guilford chapter places just as much emphasis on student recommendations as on faculty approval. After working with each other for several months, the staff members are quite capable of judging the dependability, efficiency and writing ability of their fellow journalists." (Miss Judith Pieper)

CLASS OF '72

"With all that high school has to offer I'm sorry I didn't take advantage of it. Looking into the future with all the things it has to offer, I hope to make better use of it.

(Steve Schmaling)

"I do hope I graduate."

"My senior year is my best year because I have been accepted at college, so I don't have to worry about grades." (Linda Groff)

"School doesn't seem like a chore anymore, and I like my teachers." (Alan Shefler)

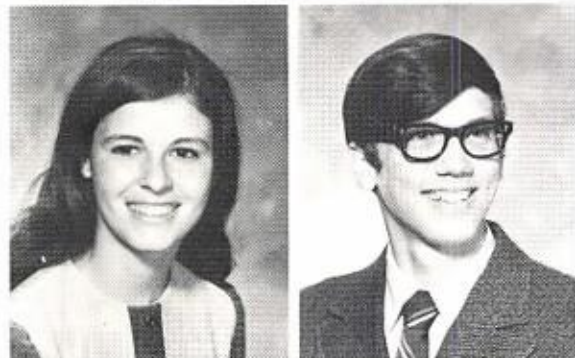

"This year is my best because there was more school spirit in it and people did more things together."

(Jim Stevens)

"During my free hours when I need someone to talk to I go into one of the empty rooms and call my friends' teachers and tell them to send them to the office. It works best on substitutes. I got four guys out of class once. It was a great system until the janitor caught me and reported my football jersey number to the office." (Chris Erickson)

"As a senior I've worked less and learned more." (Shiela Reaves)

"We're supposedly the more dignified class and when we do something wrong we can say, that's all right, we're seniors." (Donna Zawacki)

"I got a class ring

... because it's something to remember school by." (Liz Bernthal)

"Our float was the best in the world. It's the first time our class has ever worked in unison." (Matt Maxson)

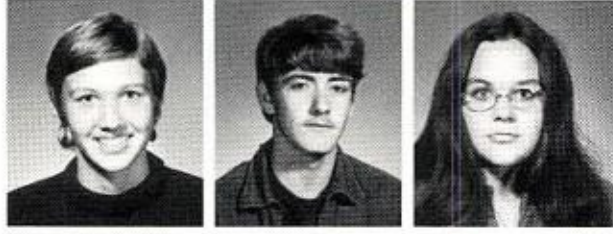

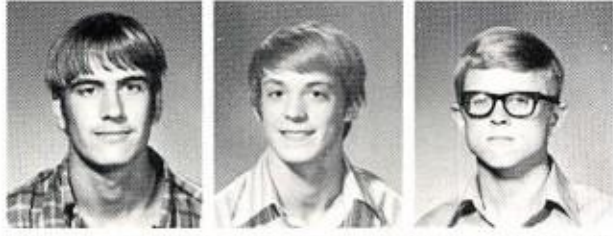

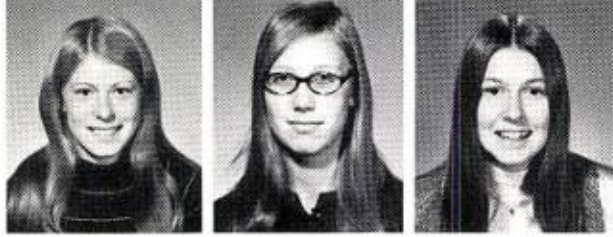

"For a lot of us we can finally get our driver's license which is a symbol of finally reaching the heights of an upperclassman." (Cindy Gatton)

"There's a lot of mistletoe at the prom. That's nice!" (Nancy Anderson)

"We need more spirit at the minor sports. Pep assemblies are better this year than last." (Carrie Slack)

Allen's China, First National, Time Screw

Are you tired of the same old dishes? If so, stop in at **Allen's China and Gifts**, 123 West State St., and see one of the largest selections of glassware, china, and silver in the area. Choose from a wide range of patterns and colors and be proud of your table.

When in high school, one has to think about his future, and any future needs money. A savings or checking account at **First National Bank and Trust Company** will provide the cash you need. The bank, conveniently located at 401 East State St., also offers a wide range of other banking services.

Rockford has been said to be the screw capital of the world, and one of the leaders in this industry is **Time Screw and Manufacturing Corporation**, 2801 Huffman Blvd.

Kay Benjamin and Kim Bowman search for place settings at **Allen's China and Gifts**. Four Guilford alumni relax on the lawn of the **Time Screw and Manufacturing Corporation** and enjoy the peaceful atmosphere.

One of the friendly drive-in tellers at **First National Bank and Trust Company**, one of the conveniently located downtown banks, helps to make banking easier for thrifty Vikings with her warm smile and efficient service.

Conveniently located at the corner of Highcrest and Alpine, **Highcrest Sunoco** is the place to go for all of your automotive needs.

Building a new piece of furniture? Why not get the lumber from **Winnebago County Lumber**? If it has anything to do with building, you'll find it at Winnebago County Lumber.

If you find yourself wanting an extra set of wheels, **Waddell White Truck Sales** is the place to go. With a complete line of trucks, you can't go wrong. Rockford industry looks to Waddell's.

Village Pharmacy, located in the Colonial Village Mall, is more than just a leading prescription center. Its beauty products, school supplies, magazines, cards, and gifts make it a frequent stopping place for much of Guilford's population.

Highcrest Sunoco, Winnebago Lumber, Waddell Truck Sales, Village Pharmacy

A group of mighty Vikings gather in front of **Highcrest Sunoco**, to keep watch on the efficient service. Some of Guilford's future truckers hop aboard a truck from **Waddell White Truck Sales** and "peel out"

Debbie Nelson and Jane Pearson always go to **Winnebago County Lumber** to choose lumber products. Nancy Anderson has a difficult time selecting her favorite flavor of lipstick from Sandi Wallach at **Village Pharmacy**.

In Memoriam

Sara Conde
1954-1972

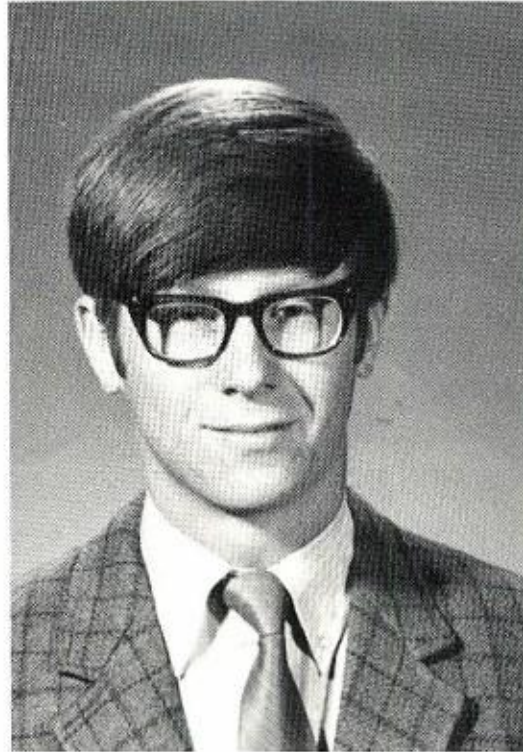

"Only when you drink from the river of silence shall you indeed sing.

And when you have reached the mountain top, then you shall begin to climb.

And when the earth shall claim your limbs, then shall you surely dance."

(Kahlil Gibran)

"I like to be alone when nothing is going right." (Diane Erickson)

"I am happy when I'm not alone and I'm not alone because I'm happy." (Brian Leopold)

"I like to be alone the most outside early in the morning, because it's nice and peaceful and it's quiet." (Jon Mitovich)

"I don't like to be alone because I get a creepy feeling. It's not good to be alone too often." (Scott Heidel)

"I like to be alone when I'm with Sophia Loren." (Scott Thiel)

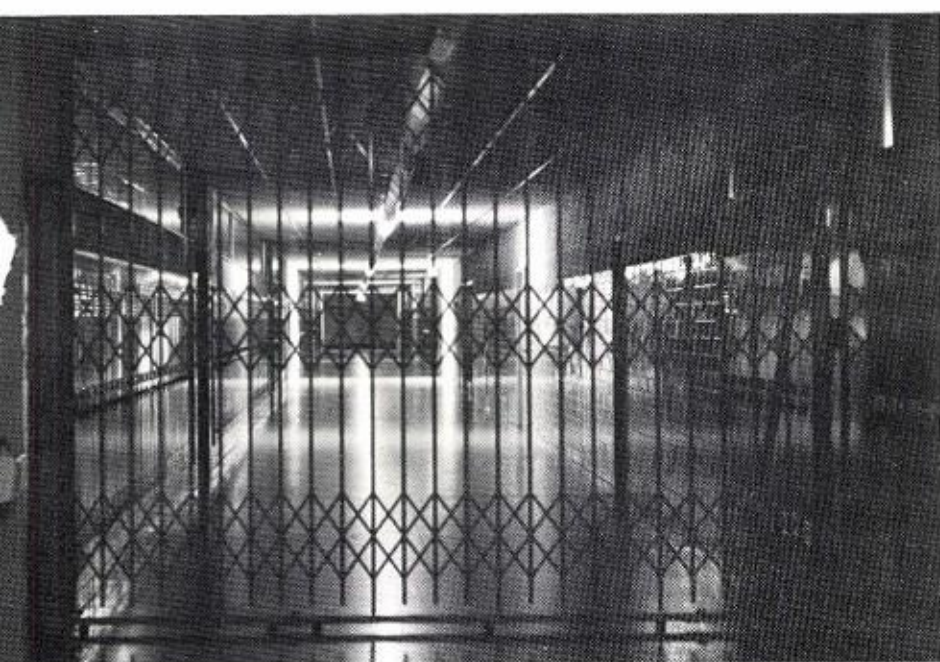

"My purpose in life is to enjoy life doing everything and anything." (Richard Orman)

"Sometimes I get so sick of people that I have to talk to someone else." (Martha Beckstrand)

"When you're a junior, there are seniors you can look up to, but when you're a senior, it seems like everyone has gone and left you."
(John Robbins)

"I'm happiest when people are considerate of others and of myself." (Lissa Myhre)

"I'm really happy when I don't have any homework to do." (Bob Read)

"I'm going to go to Rock Valley because I want to be a dental assistant. They offer good courses and work with a dentist at the same time, plus on the job drilling." (Jodi Tuite)

"I'm not going to college, but I'm going to join VISTA. This way I'm helping someone and yet still learning." (Nancy Neshiem)

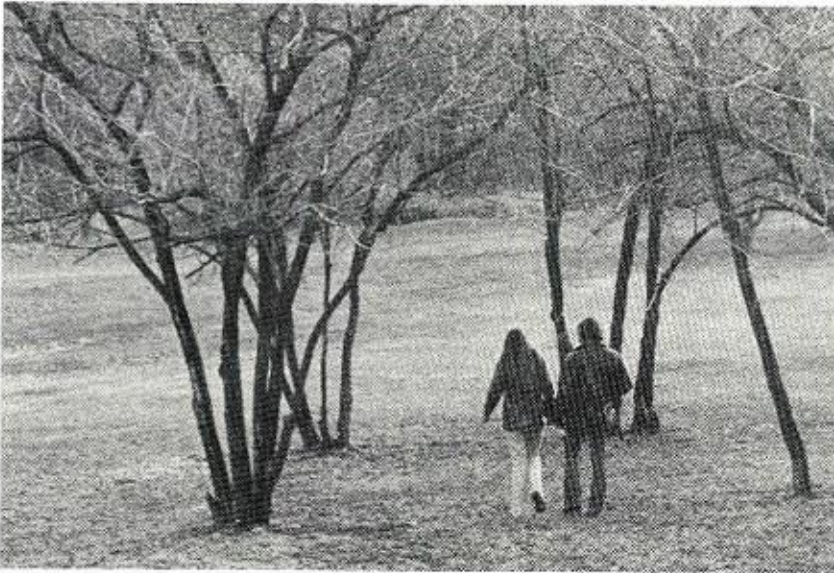

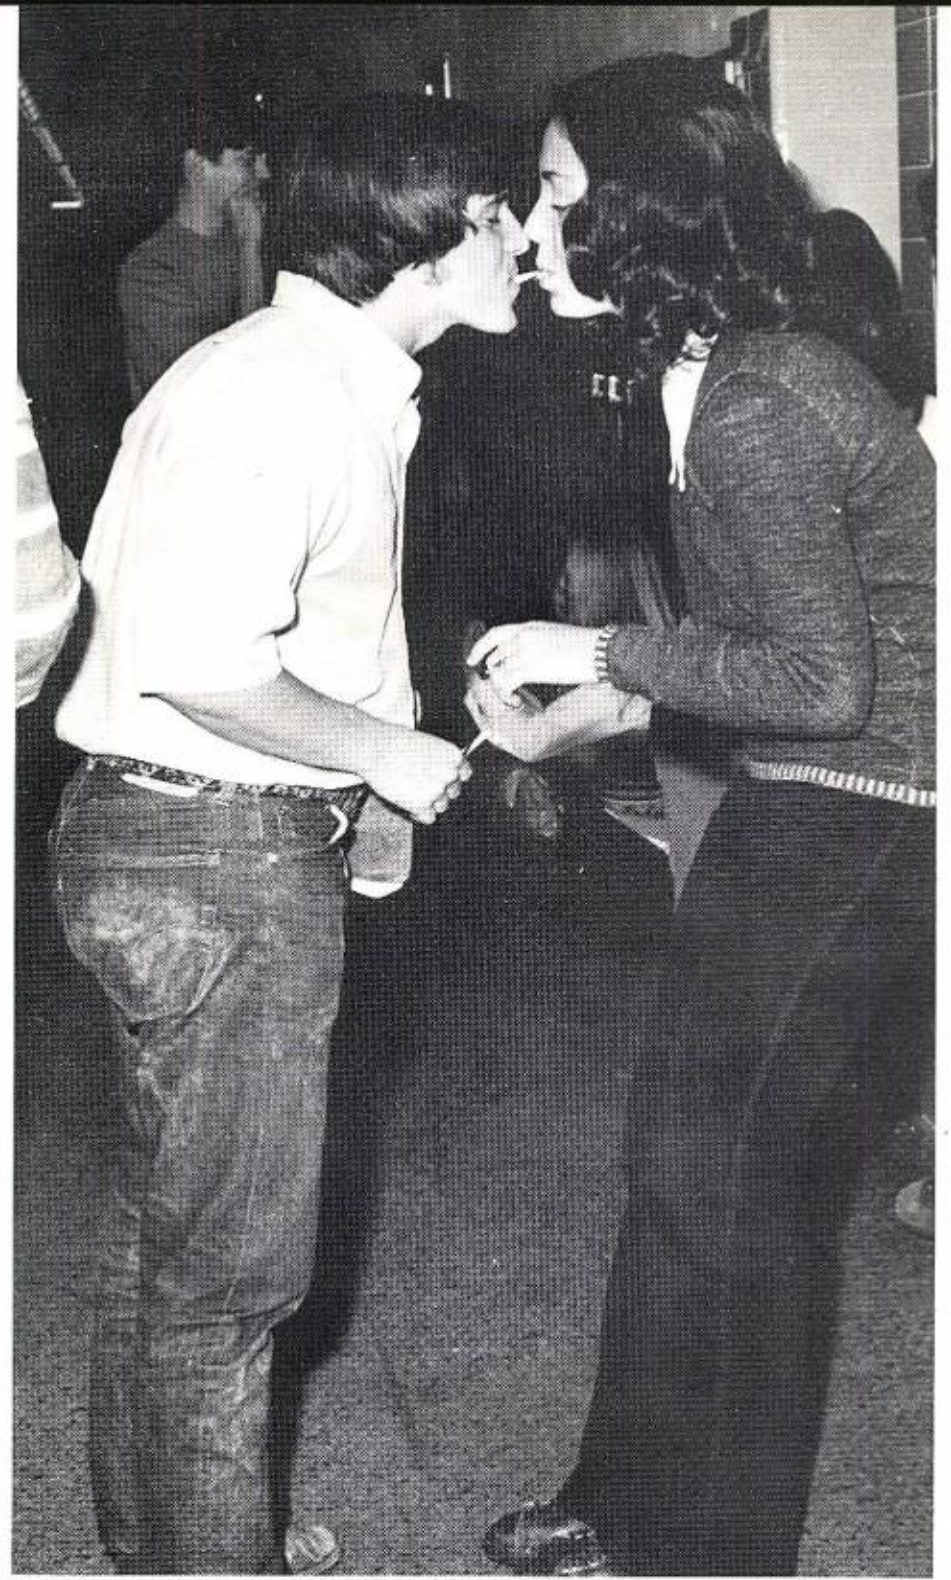

"I like Guilford early in the morning but not in the afternoon. The whole day drags." (Becky Heflin)

"I like the open campus because you get a lot of freedom. You don't have to have a study hall." (Rick Allen)

"I like Guilford but some of the teachers are bad. They talk a lot and are boring. You go through the same stuff every day." (Sophomore boy)

"I think all of us should be proud to be an American. It's part of our heritage as a unique kind of people — the melting pot of the world — what bothers me about this country is the lies and half-truths in politics, the violence on our campuses, the cruel assassinations of prominent leaders, the crime rate, and the false faces that people hide behind. Sometimes I get the feeling that I really don't know anybody — we all wear hard shells over a mixed-up inside." (Nancy McCartin)

"I'm really happy to live in America because it's a strong country. It's a strong country, I think, because the people are able to express what they think." (Blair Ross-Shannon)

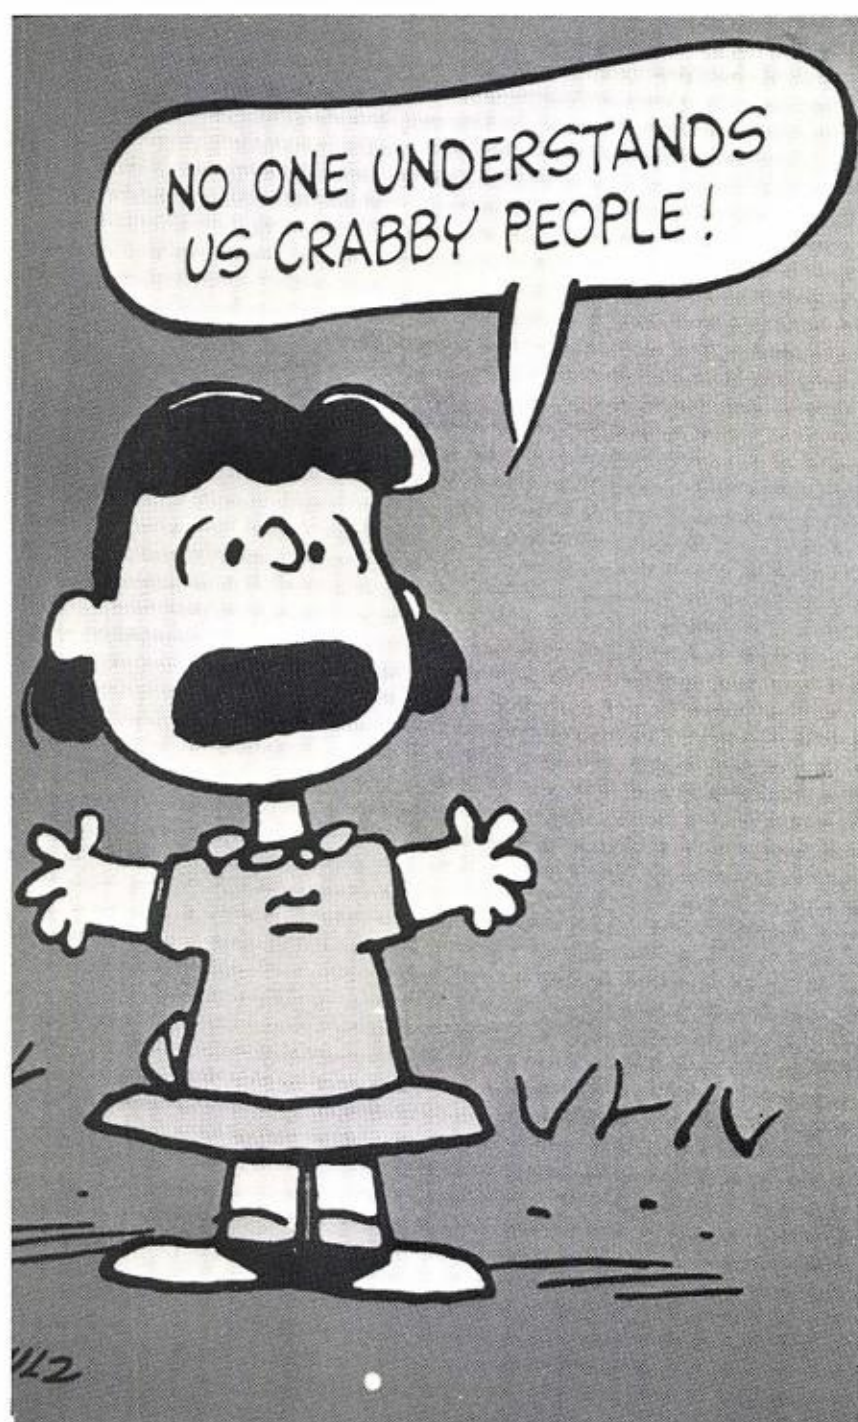

"If we're old enough to fight for our country I think we're old enough to vote for the man who will lead our country." (Dave Solverson)

"I think the 18-year-old voting age is a good thing. After all at 18, you have both a good personal understanding of government and all the theories and information of various school government classes not far behind you." (Lynne Rudy)

"18-year-olds had to get the vote eventually and I'm glad I'm in on it." (Karen Goodhope)

"There are less restrictions here in this country, and that allows me to do what I want." (Katie Lillie)

"The U.S. is better than other countries because people are more willing to work together." (Pam Guthrie)

"Ever since I was little I've been prejudice toward the U.S. I suppose if I were living in the Soviet Union I'd like that too. You have a better feeling of nationalism in the country you live in — it's natural." (John Baeverstad)

"Strange is our situation upon earth. Each of us comes for a short visit, not knowing why, yet sometimes seeming to divine a purpose. From the standpoint of daily life, however, there is one thing we know: that man is here for the sake of other men. Many times a day, I realize how much my own outer and inner life is built upon the labors of my fellow man, both living and dead, and how earnestly I must exert myself in order to give in return as much as I have received." (Albert Einstein)

The Valhalla staff would like to express its thanks to the administration, the faculty and to the student body of Guilford for their cooperation during the year. We would also like to thank John Skubal, Bob Skubal, Mike Rollert and Chip Donahue for their photographic assistance.

Jim - What can I say about a sophomore year in the middle of July?? That "Summerschool was fun"? Well, it was certainly full of it; (you can define it as what you wish.) The year was ~~was~~ also quite full - it's getting better all the time. I don't know - I should have known better with a guy like you... But that boy... Anyway, we're trying to give peace a chance, and it's all right now, in fact it's a gas!

Someday we'll have to write a good ballad (not book!) - they're gonna crucify me! John & Yoko were really fun - if the masks were held up much longer they might have stuck, but fun is hardly the word - perhaps... educational, in a somewhat perverted way.

Anyway, I'd better get to another year book for another session of concentrated brainstorming with, as you might have noticed, a ~~low~~ low level quality of literary output.

Love,
Sara

To an equally crazy member of the
quiet group - (Sandra Day) May the
day wheel of time catch you in its
spokes and spit you out in the River
of Success.
